This authorization gives permission for the construction of the above referenced on-site sewage facility to commence.

Installation must be completed by an installer holding a valid license number from the Texas Commission on Environmental Quality (TCEQ). Installation and inspection must comply with current TCEQ and Waller County requirements.

Septic sizing is based on the information submitted by the property owner to the designer and permitting authority.

Water well logs (if available/applicable) must be submitted to our office before the final inspection can be scheduled.

Call 979-921-0391 to schedule an inspection 24 hours in advance.

*IMMUNITY. The commission, an authorized agent, or a designated representative is not liable for damages resulting from the commission's or authorized agent's approval of the installation and operation of an on-site sewage disposal system.*

Authorization to Construct OSSF is valid for **one year** from date of issuance.
