<p>Neighborhood Business - Intended to provide for small-scale, limited impact retail and office businesses located adjacent to residential areas or other areas where limited commercial uses are considered most appropriate. The uses permitted within the C-1A district are meant to be compatible with nearby residential areas and serve the retail personal service needs of nearby residents</p>	<p>Light Commercial - Intended to provide minimal impact retail businesses located adjacent to residential areas or other areas. The uses permitted within the C-1 district are meant to serve the retail needs of nearby residents.</p>	<p>General Commercial - Intended to provide for a variety of commercial uses including wholesale sales and services, general retail and service businesses, and office uses. The C-2 district is primarily intended for use in high traffic areas adjacent to arterial streets and is appropriate for high volume commercial centers. Outdoor storage and display of merchandise is permitted in the C-2 district.</p>	<p>CBD Central Business District - <i>Constitutes the downtown of the city</i> - Is intended to recognize the unique characteristics of a traditional main street, which accommodates a mixture of uses, including retail, service, specialty shops, entertainment, office, and residential uses. The CBD district is intended to provide a pedestrian-oriented commercial retail district with no requirements for off-street parking.</p>	<p>Industrial Business Park - Intended to allow development of a mix of research and development, office, light assembly, warehousing, and limited retail and service uses in a planned business park setting. The M-1B district is intended to provide for high quality development with increased amenities, open space, and use of decorative building materials. All uses shall be conducted within a fully enclosed building. Outdoor storage and display is permitted only if screened 100 percent from public view with an opaque fence or wall.</p>	<p>Light Industrial - Intended to provide for low-intensity, limited impact industrial uses. The uses intended for the M-1 district include office warehousing, wholesaling, product assembly, and light manufacturing conducted within a fully enclosed building. Outdoor storage and display is permitted in the M-1 Light Industrial District, subject to the development and performance standards of subsection (d) of this section</p>	<p>General Industrial - Intended to provide for a wide variety of light and heavy industrial uses including office warehousing, manufacturing, and product assembly. Most activities shall occur inside a building; however, outside storage of materials and displays may be permitted subject to performance standards.</p>

Any building or buildings to be located in this district shall not exceed 40 percent of the total land area of the property which such structure is to be located. All commercial uses within this district shall be retail sales and/or service types selling new merchandise only. The required yards are not used for display, sale or storage of merchandise. When a proposed development in this district is adjacent to any residentially zoned district, even if separated by an alley, a six-foot solid screening fence of wood or masonry construction shall be erected and permanently maintained along the adjacent property line. No retail sales shall be permitted before 7:00 a.m. or after 7:00 p.m. of any day.	Any other local business use supplying the everyday shopping needs of immediate neighborhood and subject to the following conditions: It is conducted wholly within an enclosed building. Required yards are not used for display, sale or storage of merchandise, or for the storage of vehicles, equipment, containers or waste material. Such use is not objectionable because of odor, excessive light, smoke, dust, noise, vibration, presence of vermin or rodents, or similar nuisance. When a development, project, construction or use allowable in this district is proposed, a minimum of six-foot solid screening fence of wood or masonry construction shall be erected and permanently maintained along the adjacent property line to a residential zone.	Landscaping materials for retail nurseries and/or lawn and garden stores (stand-alone developments not associated with other commercial activities) may be displayed on an unlimited basis outside a building but shall be kept off the public sidewalks and streets, shall not be placed within a required parking/paving setback area, and shall not reduce the capacity of a parking lot below that required by this chapter. Customary passenger vehicles, trailers, recreational vehicles, motor vehicles and other motorized machinery and equipment for sale or lease may be displayed on an unlimited basis outside a building on a paved display area or lot, provided that the display area shall not be placed within a required parking/paving setback area and shall not reduce the capacity of a parking lot below that required by this chapter. When a development, project, construction or use allowable in this district is proposed, a minimum of six-foot solid screening fence of wood or masonry construction shall be erected and permanently maintained along the adjacent property line to a residential zone. Machine shops, welding shops, assembly operations and manufacturing operations in compliance with the types set forth in the definitions shall include fabricated or prefabricated parts for products less than 6,000 pounds in weight that do not contribute to pollution of the atmosphere by creating abusive colors, smoke, gas, vibration or noise.	none	All business activities must be conducted within a fully enclosed building. Materials and equipment not offered for sale or rent may be stored outside if they are within an area that is 100 percent screened on all sides from public view. All sides of any building visible from an arterial street, highway, or residential area shall have a minimum of 50 percent of the wall area constructed with decorative materials, which includes, but is not limited to, clay brick, tinted concrete block, textured concrete block (split face, fluted, etc.), stucco, glass, wood, tinted or textured concrete panels, rock, exposed aggregate panels, or similar materials. Landscaping shall be placed along the side or end of the building, more than 75 feet in length that is perpendicular to an arterial street or highway. The backs of any building, if not visible from an arterial street, highway, or residential area, may be constructed entirely of decorative, nondecorative, or metal panels. A minimum of 25 percent of the wall area of the side of any building facing a local industrial street shall be constructed with decorative materials. When a development, project, construction or use allowable in this district is proposed, a minimum of a six-foot solid screening fence of wood or masonry construction shall be erected and permanently maintained along the adjacent property line to a residential zone.	When a development, project, construction or use allowable in this district is proposed, a minimum of a six-foot solid screening fence of wood or masonry construction shall be erected and permanently maintained along the adjacent property line to a residential zone.	When a development, project, construction or use allowable in this district is proposed, a minimum of a six-foot solid screening fence of wood or masonry construction shall be erected and permanently maintained along the adjacent property line to a residential zone. Odors or fumes created by industrial processes must be contained so that no odors may be sensed at the lot line which exceed the lowest amount set forth in table III, pertaining to odor thresholds of chapter 5 of Physiological Effects, of the Air Pollution Abatement Manual of the Manufacturing Chemists Association, latest edition
