The results of the tenth survey were published in 2010 (Vorobyov et al., 2010).

open to wider developments and to the broader implications of their work. The following section will focus on the role of the *Journal of Democracy* in this regard.

THE JOURNAL OF DEMOCRACY

The *Journal of Democracy* is a quarterly publication of the National Endowment for Democracy (NED). It is published by the Center for Democracy and Technology (CDT) in Washington, D.C., and is edited by Michael J. Higgins. The journal is designed to promote the study and practice of democracy around the world. It features articles, book reviews, and other materials that address issues such as political reform, human rights, and economic development. The journal also includes a section on "Democracy in Practice" which highlights successful examples of democratic governance from around the world.

DEMOCRATIC PRACTICE

The journal's focus on "Democracy in Practice" reflects its commitment to the practical application of democratic principles. It believes that democracy is not just a theoretical concept, but a realizable goal that can be achieved through hard work and dedication. The journal's articles often feature case studies and practical advice for those who are working to build more democratic societies.
