*The Above has been granted a Certificate of Registration for an Exempt Water Well by the Post Oak Savannah Groundwater Conservation District. This certificate is granted on the basis of, and contingent upon, the accuracy of the information supplied in the application pursuant to which this permit has been issued. Operation of the well must comply with the rules of the District.*

POSGCD Rule # 7.10.2 defines and Exempt Well as:

*A well used solely for domestic needs that is incapable of producing more than 25,000 gallons per day, or*

*A well used for water for feeding livestock or poultry on a tract of land larger than 10 acres, that is drilled or equipped so that it is incapable of producing more than 25,000 gallons of groundwater per day, or*

*The drilling of a well to supply water solely for a drilling rig that is actively engaged in drilling or exploration operations for oil and gas and permitted by the Railroad Commission.*

*The issuance of this permit does not grant to the Permittee the right to use any private property, or any public property, for the production or conveyance of water. Neither does this permit authorize the invasion of any personal rights nor the violation of any federal, state, or local laws, rules or regulations. Further, the District makes no representation and shall have no responsibility with respect to the availability or quality of water authorized to be produced under this permit.*

*Signed this date referenced above in accordance of the Rules of the Post Oak Savannah Groundwater Conservation District:*
