MAIN HOUSE

ABOUT THIS PROPERTY

Renovated in 2000, this fantastic home is constructed of steel, glass, and mahogany. The same steel beams used to create the Verrazzano-Narrows Bridge were shipped to Fairview Farm and used in the construction of this home. Discover a perfect location within the property boasting breathtaking panoramic views from every room. Floor-to-ceiling windows create a seamless indoor-outdoor experience, blending the beauty of nature with the comfort of home. This single-floor living option epitomizes convenience and luxury in this exceptional residence.

→ 5 Bed | 4.5 Bath

→ 3,800 sq ft

→ Large covered decks

PAVILION QUARTERS | GUEST HOUSE

ABOUT THIS PROPERTY

Perfectly situated overlooking the fish-filled ponds and creek, this impeccably maintained structure makes you feel like you are thousands of miles away in a western mountain retreat or lodge. Constructed by hand with a team of builders who specialize in cedar post and beam structures, these quarters were completely built with pegs and no nails. Cozy and stylish, this home is surrounded by porches, has two working fireplaces and luxury finishes. Adjacent to the property are multiple fenced-in raised garden beds, ideal for vegetable gardening or general horticulture.
