Notes:

- 1) This map and preliminary soils information is for preliminary planning purposes only. All septic system recommendations and assumptions are based on preliminary soils information and current property conditions as observed by Land Resource Management, PLLC (LRM).
- 2) This map is not a survey. Preliminary soils information is overlaid on GPS/GIS mapping. Property lines shown are overlaid from Jackson County GIS Map.
- 3) This preliminary map is accompanied by a written summary of findings provided to the client via email.
- 4) All soil borings, streams, roads, property corners, and other noted points were GPS located to sub-meter accuracy with a Tremble DA2 GPS Unit.
