My favorite parts are the sunrise and sunsets, and wildlife, and doing yoga on the back patio in the morning, and zooming around the neighborhood on our side-by-side while chatting with other neighbors doing the same thing. The deer come through in the backyard around 4-5pm and also around 5-6am.

Christmas at the pond party for our neighborhood community... We decorate the golf carts and side-by-sides in Christmas lights and have a parade leading to the pond.
