RE: Phase I Environmental Site Assessment
Charles Hardy Parkway
Dallas, Georgia
SEA Job #222-016

Dear Mr. Holliday:

Sailors Engineering Associates, Inc. (SEA) has conducted a Phase I Environmental Site Assessment for the property referenced above and is pleased to provide this report with a summary of our findings.

The subject property under investigation consists of four (4) parcels that collectively measure 23.72 acres. The subject property currently consists of four (4) residential homes, a livestock barn, and pasture. According to the Paulding County tax assessor's website the subject property is associated with parcel ID numbers: 110.2.4.002 (4 acres), 110.3.1.014 (18.08 acres), 110.3.1.022 (0.46 acres), and 110.3.1.023 (0.46 acres) and are located in Land Lot 19 district 2. The subject property has no physical address but is located along Charles Hardy Parkway, Dallas, Paulding County, Georgia. Utilities are currently connected to the subject property and include city water, sewer and electricity.

The subject property is bordered to the north by Charles Hardy Parkway to the east by a strip shopping center and residential property, to the south by residential property, and to the west by vacant wooded land. The area surrounding the subject property consists primarily of commercial properties and residential property.

FINDINGS

On-Site

The subject property does not appear on any of the regulatory lists reviewed. The 1938 aerial photograph shows the subject property as predominantly undeveloped wooded/agricultural land. The first residential structure appears on the subject property in 1951. A second one is seen in 1981, a third in 1993 and a fourth in 2007. No significant changes are seen on the 2007 to 2017 aerial photographs.

No USTs, sumps, pits, or sludge ponds/lagoons were observed on the subject property at the time of our site visit/reconnaissance. No on-site RECs were identified with regard to the subject property.

Off-Site

Several facilities within the prescribed ASTM minimum search-distances appeared on one or more of the regulatory lists reviewed.

Dallas Super Center #37 – located at 4088 Marietta Hwy northeast and upgradient from the subject property. The facility is listed on the LUST, UST, and Financial Assurance database. The facility previously operated three (3) UST gasoline tanks. This facility had two reported spills. Both were issued NFAR letters in 1997 and 2017. Based on the upgradient location, the topographic distance from the subject property, and the presence of previous groundwater impacts documented on the site, Dallas Super Center #37 is considered a REC with regard to the subject property.

S&S Dry Cleaning Service – located at 4075 Marietta Hwy north and upgradient from the subject property. The facility is listed on the EDR historic cleaner database. Due to the lack of information about the facility, the potential of chlorinated solvents used on the site, and the upgradient location, S&S Dry Cleaning Service is considered a REC with regard to the subject property.

CNA Cleaners (C&A Cleaners) – located at 4130 Marietta Hwy north and upgradient from the subject property. The facility is listed on the EDR DRYCLEANERS database. According the EDR database C&A Cleaners is first listed in 2003 and remains in operation today. Due to the previous use of chlorinated solvents on the site, and the upgradient location, CNA Dry Cleaners (C&A Cleaners) is considered a REC with regard to the subject property.

CONCLUSIONS AND OPINIONS

We have performed a Phase I Environmental Site Assessment in accordance with the scope and limitations of ASTM E 1527-21 for the subject property located at Charles Hardy Parkway, Dallas, Paulding County, Georgia. Our investigation identified several RECs with regard to the subject property. To determine if the identified RECs have impacted the subject property, further investigation is warranted.

Respectfully submitted,

SAILORS ENGINEERING ASSOCIATES, INC.

Charles Nimmo,
Staff Geologist

Michael J. Haller, P.G.

1.0 INTRODUCTION

1.1 Purpose

This assessment followed the American Society for Testing and Materials (ASTM) Practice E 1527-21, *Phase I Environmental Site Assessment Process*. Practice E 1527 has been developed to define “*all appropriate inquiry*” for purposes of establishing any of the four Landowner Liability Protections (LLPs) available under CERCLA as amended by the *Brownfields Amendments*. The purpose of the ASTM practice is to identify recognized environmental conditions, controlled recognized environmental conditions and historical recognized environmental conditions. The term “*recognized environmental conditions*” (REC) means the presence of any hazardous substances or petroleum products in, on, or at a property (1) due to a release to the environment; (2) the likely presence of hazardous substances or petroleum products in, on or at the subject property due to a release or likely release to the environment; or (3) the presence of hazardous substances or petroleum products in, on or at the subject property under conditions that pose a material threat of a future release to the environment. De minimis conditions are not recognized environmental conditions. The term “*controlled recognized environmental condition*” (CREC) means a *recognized environmental condition* affecting the subject property that has been addressed to the satisfaction of the applicable regulatory authority or authorities with hazardous substances or petroleum products allowed to remain in place subject to implementation of controls. The term “*historical recognized environmental condition*” (HREC) means a previous release of hazardous substances or petroleum products affecting the subject property that has been addressed to the satisfaction of the applicable regulatory authority or authorities and meeting unrestricted use criteria established by the applicable regulatory authority or authorities, without subjecting the property to any controls. Any *significant data gaps*, which is defined as a data gap that affects the ability of the environmental professional to identify a REC, will be identified in this report and how the data gap affects the ability to make conclusions regarding RECs.

1.2 Detailed Scope-of-Services

Our Scope-of-Services includes, but may not be limited to, the following:

- a visual inspection of the site
- a visual inspection of surrounding properties which could affect the site
- personal interviews with current and/or former property owners or residents of the area who may have knowledge of the site history
- a review of ownership records to determine past uses of the property
- a review of current U.S. Environmental Protection Agency (EPA) and Georgia Environmental Protection Division (EPD) reports and lists to include, but not be limited to, the following:
 - a. EPA National Priorities List (NPL) and delisted NPL sites list
 - b. EPA SEMS (CERCLIS) and SEMS ARCHIVE (CERCLIS NFRAP) Lists
 - c. EPA RCRIS Generators, TSD and CORRACTS Lists
 - d. EPA Federal Brownfield Sites listing

- e. Federal institutional control/engineering control registries
 - f. EPA National Spill Reports Emergency Response Notification System
 - g. State and tribal lists of hazardous waste sites identified for investigation or remediation
 - h. State and tribal equivalent NPL
 - i. State and tribal equivalent CERCLIS
 - j. State and tribal landfill and/or solid waste disposal sites lists
 - k. State and tribal leaking storage tank lists
 - l. State and tribal registered underground storage tank lists
 - m. State and tribal institutional control/engineering control registries
 - n. State and tribal voluntary cleanup sites lists
 - o. State and tribal Brownfield sites lists
- a review of available aerial photographs, Sanborn Fire Insurance Maps and USGS topographic maps to aid in determining past site uses and disturbances
 - a report presenting our investigative procedures and results

Our scope of services did not include assessments for the extended scope issues such as those noted in the ASTM E 1527-21 standard including archaeological/historical/cultural resources, wetlands/State Waters, asbestos-containing materials, lead-based paint, lead in drinking water, mold, radon gas, flood zones, endangered/threatened species or polyfluoroalkyls (PFAS).

1.3 Significant Assumptions

Sailors Engineering Associates, Inc. (SEA) relies upon regulatory records made available by local, state and federal authorities. We assume this information to be accurate and reliable. We assume that information given during interviews is correct and accurate.

1.4 Limitations and Exceptions

No environmental site assessment can wholly eliminate uncertainty regarding the potential for recognized environmental conditions in connection with a property. Performance of this practice is intended to reduce, but not eliminate, uncertainty regarding the potential for recognized environmental conditions in connection with a property, and this practice recognizes reasonable limits of time and cost.

1.5 Special Terms and Conditions

This investigation had no special terms or conditions.

1.6 User Reliance

This report was prepared for the exclusive use of Highlands Residential, LLC and/or their lender.

2.0 SITE DESCRIPTION

2.1 Site Description and Current Use

The subject property under investigation consists of four (4) parcels that collectively measure 23.72 acres. The subject property currently consists of four (4) residential homes, a livestock barn, and pasture. According to the Paulding County tax assessor's website the subject property is associated with parcel ID numbers: 110.2.4.002 (4 acres), 110.3.1.014 (18.08 acres), 110.3.1.022 (0.46 acres), and 110.3.1.023 (0.46 acres) and are located in Land Lot 19 district 2. The subject property has no physical address but is located along Charles Hardy Parkway, Dallas, Paulding County, Georgia. Utilities are currently connected to the subject property and include city water, sewer and electricity.

2.2 Adjoining Properties and Current Use

The subject property is bordered to the north by Charles Hardy Parkway to the east by a strip shopping center and residential property, to the south by residential property, and to the west by vacant wooded land. The area surrounding the subject property consists primarily of commercial properties and residential property.

2.3 Physical Setting

2.3.1 Area Geology

The subject property is located in the physiographic province known as the Valley and Ridge, which extends from southeastern New York through northwestern New Jersey, westward into Pennsylvania and southward into Alabama. The Valley and Ridge Province typically consists of broad and open terrain with scattered hills and ridges. Elevations throughout the region range from 700 to 800 feet above sea level with relief of 50 to 100 feet. The underlying shales, dolomites, and limestones are of the Cambrian and Ordovician age.

According to the United States Department of Agriculture Soil Conservation Service Soil Survey web page the predominant soil type associated with the subject property is Lloyd-Agricola-Musella (LdC2) and Lloyd-Agricola-Musella (LdD2). The Lloyd-Agricola-Musella series consist of moderately deep, well drained soils with a wide range of slope variables.

2.3.2 Area Hydrogeology

Shallow unconfined water table conditions are present throughout the Valley and Ridge physiographic province. Recharge to the groundwater occurs from precipitation that averages approximately 46 inches per year within the Paulding County area. Rainfall occurs throughout the year, although increased amounts are typical during the summer and winter months. Soils within the area consist predominantly of silty loams, which allow slow percolation of the rainfall.

According to the United States Geological Survey Information Circular entitled *Groundwater in the Greater Atlanta Region*, the subject property is located in Unit "E." Well depths in Unit "E"

range from 67 feet to 386 feet below ground surface (bgs), averaging 191 feet bgs. Well yields range from 20 gallons to 471 gallons per minute, averaging 79 gallons per minute.

3.0 USER PROVIDED INFORMATION

On January 27, 2022, SEA forwarded a User Questionnaire to the User, Mr. Hunter Holliday, Development Manager, who completed the questionnaire. A copy of the completed User Questionnaire is included in the Appendix. The following information was contained in the User Questionnaire:

3.1 Title Records, Environmental Liens or Activity and Use Limitations

The User did not provide SEA with any Chain of Title or ownership information/documentation for the subject property. SEA independently researched the documents comprising the chain of ownership for the subject property by visiting the Paulding County Tax Assessor's website or by researching ownership documents on the Georgia Superior Court Clerks' Cooperative Authority website. Our property ownership research was performed to determine more completely the past uses of the subject property.

Historic resources reviewed indicate the subject property remained undeveloped wooded farmland from as early as 1938 until 1955. The subject property was developed for residential use with a single resident structure built in at least 1960. Additional residential structures were built in the 1970s on the subject property and has remained unchanged since the early 1980s. Paulding County Tax Assessors website lists Edward Fields Heirs, James Rutledge, and Shane Fields as the current owners of the subject property. A copy of the current deeds and the legal descriptions are included in the Appendix.

The User was not aware of any Environmental Liens or any Activity and Use Limitations for the subject property. SEA found no environmental liens in our deed research of the subject property.

3.2 Specialized Knowledge

The User did not provide any Specialized Knowledge with regard to the subject property.

3.3 Commonly Known or Reasonably Ascertainable Information

The User did not provide any commonly known or reasonably ascertainable information related to the subject site.

3.4 Valuation Reduction for Environmental Issues

The User was not aware of any known environmental conditions that would affect the fair market value of the subject property.

3.5 Owner, Property Manager, and Occupant Information

According to the Paulding County Tax Assessor's website, subject property consists of four (4) parcels that measures approximately 23.72-acres and lists Edward Fields Heirs, James Rutledge, and Shane Fields as the current owners.

3.6 Reason for Performing Phase I

The User requested the Phase I ESA in order to perform due diligence regarding a pending real estate transaction.

4.0 RECORDS REVIEW

4.1 Standard Environmental Record Sources

The following lists and reports, maintained by SEA, were reviewed to determine if the subject site or properties in the surrounding vicinity were contained on the lists. Additionally, SEA requested, and has received, "The EDR Radius Map Report®" for the subject property from Environmental Data Resources, Inc. (EDR), Milford, Connecticut. The approximate minimum search distances (AMSD) used were equal to or greater than the distances recommended in ASTM (American Society for Testing and Materials) Practice E 1527-21. For listings not mentioned in ASTM E 1527-21, a minimum search distance of an equivalent list was used.

1. United States Environmental Protection Agency National Priorities List (NPL) dated July 19, 2019 (AMSD = 1.0 mile) and the Delisted NPL Site List dated July 19, 2019 (AMSD = 1.0 mile).
2. United States Environmental Protection Agency Superfund Enterprise Management System (SEMS)/(CERCLIS) list dated April 3, 2019 and the SEMS ARCHIVE/CERCLIS No Further Remedial Action Planned (NFRAP) listing dated July 19, 2019 (AMSD = 0.5 mile).
3. United States Environmental Protection Agency Resource, Conservation and Recovery Act (RCRA) Corrective Action sites (CORRACTS) listing dated June 24, 2019 (AMSD = 1.0 mile).
4. United States Environmental Protection Agency RCRA non-CORRACTS and Treat Storage and Disposal (TSD) facilities listing dated June 24, 2019 (AMSD = 0.5 mile).
5. United States Environmental Protection Agency RCRA generators listing June 24, 2019 (AMSD = 0.25 mile).
6. United States Environmental Protection Agency institutional controls/engineering control registries dated August 19, 2019 (AMSD = 0.5 mile).
7. United States Environmental Protection Agency Emergency Response Notification System (ERNS) National Response Center (NRC) spill reports through September 9, 2019 (AMSD = subject property only).

8. Georgia Department of Natural Resources Hazardous Site Inventory (HSI) dated July 1, 2019 (AMSD = 1.0 mile).
9. Georgia Department of Natural Resources Hazardous Sites Response Act release notification files (non-HSI) through June 30, 2019 (AMSD = 1.0 mile).
10. Georgia Department of Natural Resources Solid Waste landfill listing including active, closed and inert landfills dated October 11, 2018 (AMSD = 0.5 mile).
11. Georgia Department of Natural Resources Underground Storage Tank Management Program list of leaking underground storage tanks (LUST) dated April 1, 2019 (AMSD = 0.5 mile).
12. Georgia Department of Natural Resources Underground Storage Tank Management Program list of registered Underground Storage Tanks dated May 29, 2019 (AMSD = 0.25 mile).
13. Georgia Department of Natural Resources institutional control/engineering control registries dated August 5, 2019 (AMSD = 0.5 mile).
14. Georgia Department of Natural Resources Hazardous Site Reuse and Redevelopment Act list of properties that have entered the Voluntary Brownfield Program dated August 5, 2019 (AMSD = 0.5 mile).

There are no current or delisted NPL sites within a one-mile radius of the subject properties. There are no Federally-recognized or State-recognized tribal lands in Paulding County, Georgia. There are no Federal or State Institutional/Engineering Controls registered for the subject properties.

The subject property does not appear on any of the regulatory lists reviewed.

Several facilities within the prescribed ASTM minimum search-distances appeared on one or more of the regulatory lists reviewed.

Dallas Super Center #37 – located at 4088 Marietta Hwy is adjacent and upgradient from the subject property. The facility is listed on the LUST, UST, and Financial Assurance database. The facility previously operated three (3) UST gasoline tanks. This facility first reported a spill in 1994 from a damaged dispenser when 75 gallons of gasoline was spilled and flowed offsite, most likely in the direction of the subject property. The surface spill was cleaned up and a No Further Action Required (NFAR) letter was issued in 1997 for release #1. A second release was reported in 1998 from a piping failure where soil impacts were reported above the Soil Threshold Limit (STL) at that time. Maximum levels of benzene in the soil were 0.198 milligrams per kilogram (mg/kg) in monitoring well #3 (MW-3). In 2000, groundwater samples were collected and free product was observed in MW-3 at a thickness of 0.48 feet. Additional groundwater and free product delineation was recommended by GAEPD. Additional wells were installed in 2003 to perform high vacuum recovery (HVR). Three HVR events were conducted in 2003 with 61 equivalent gallons of free product and 14,175 gallon of petroleum water were removed for the wells over that time. Maximum levels of benzene found in the groundwater samples was 6,360 micrograms per liter

(µg/L) in MW-2. In 2005, groundwater samples were collected and six samples had concentrations above the drinking water standard at that time. The facility received a NFAR letter in 2017 for the associated spill. Based on the upgradient location, the topographic distance from the subject property, and the presence of previous groundwater impacts documented on the site, Dallas Super Center #37 is considered a REC with regard to the subject property.

S&S Dry Cleaning Service – located at 4075 Marietta Hwy is located north and upgradient from the subject property. The facility is listed on the EDR historic cleaner database. According to the EDR database S&S Dry cleaning was first listed in 1998 and remains in operation today. Due to the lack of information about the facility, the potential of chlorinated solvents used on the site, and the upgradient location, S&S Dry Cleaning Service is considered a REC with regard to the subject property.

CNA Cleaners (C&A Cleaners) – located at 4130 Marietta Hwy is located north and upgradient from the subject property. The facility is listed on the EDR DRYCLEANERS database. According to the EDR database C&A Cleaners is first listed in 2003 and remains in operation today. SEA was able to interview the current operator of the drycleaner who stated that no chlorinated solvents are currently used on site. Due to the previous use of chlorinated solvents on the site, and the upgradient location, CNA Dry Cleaners (C&A Cleaners) is considered a REC with regard to the subject property.

Further information on these facilities is available in the attached EDR Radius Map Report with GeoCheck.

4.2 Additional Environmental Record Sources

On February 1, 2022, SEA queried the United States Environmental Protection Agency's (USEPA's) Enforcement and Compliance History Online (ECHO) and Envirofacts database for reported enforcement or compliance issues at the subject property. No enforcement or compliance issues have been reported to USEPA/ECHO for the subject property.

4.3 Historical Use Information on the Property and Vicinity

To determine past uses of the subject property, ownership records were reviewed on the Georgia Superior Court Clerk's Cooperative Authority website or at the Paulding County Tax Assessor's website. In addition, aerial photograph, topographic maps, city directory, and Sanborn Fire Insurance Maps were researched.

Sanborn Fire Insurance Maps for the subject property and its vicinity were requested from Environmental Data Resources (EDR), Milford, Connecticut. Map coverage was not available for the subject property and surrounding area.

Aerial photographs dated 1938, 1951, 1955, 1960, 1968, 1972, 1978, 1981, 1988, 1993, 1999, 2007, 2010, 2013, and 2017 were available for review for the subject property. The 1938 aerial photograph shows the subject property as predominantly undeveloped wooded/agricultural land. The 1951 aerial photograph depicts a residential structure on the subject property. The 1981 aerial photograph depicts a second residential structure on the subject property. The 1993 aerial

photograph depicts a third residential structure on the subject property. The 2007 aerial photograph depicts a fourth residential structure on the subject property. No significant changes are seen on the 2007 to 2017 aerial photographs.

Historic topographic maps were requested from Environmental Data Resources (EDR), Milford, Connecticut. Topographic maps available for review included 1901, 1954, 1968, 1982, 1992, 2014, 2017, and 2020.

Aerial photographs reviewed for the subject property were also reviewed for the surrounding vicinity. Aerial photographs depict the surrounding area remained undeveloped wooded land from as early as 1938 until 1951. The surrounding area was developed with residential buildings as early as 1951 and commercial development as early as 1972. The area to the north of the subject property is a mix of residential and commercial and was developed in the early 1980s. The 1999 and 2007 aerial photography show the area to the north had significant commercial development with the development of a large shopping center and box store. The surrounding area has remained relatively unchanged from the 2007 ariel photographs.

5.0 SITE RECONNAISSANCE

On February 18, 2022, Mr. Charles Nimmo, Staff Geologist Scientist with SEA, conducted a visual inspection of the subject property and vicinity. The subject property is indicated on the Area and Site Plans in the Appendix. The purpose of the inspection was to locate any obvious signs of contamination present at the surface of the property, such as discolored soil, stressed vegetation, improperly dumped materials or containers, or evidence of activity that may have an adverse environmental effect on the property. The site boundary was walked, and the remainder of the site was crisscrossed on foot.

5.1 Exterior Observations

The subject property currently consists of a several residential structures. In the northeastern property corner SEA identified several 55-gallon drums with labels indicating both small engine oil and mineral spirts. The drums appear to be in fair condition with some staining and rust, and evidence of potential spills in the area. SEA has identified the presence of the 55-gallon drums as a REC with regard to the subject property. No USTs, sumps, pits, or sludge ponds/lagoons were observed on the subject property at the time of our site visit/reconnaissance. One pond was observed on the subject property which appeared to be used for agricultural or recreational use with no signs of environmental distress. An unnamed creek runs along the western border of the subject property and appears to have little to no environmental concerns. There appears to be an abandon drinking water well on the subject property. The well appears to be out of use with no evidence of recent maintenance.

Polychlorinated biphenyls (PCBs) were produced in the United States from approximately 1929 until approximately 1979, primarily for use as insulating fluids in electrical transformers and lighting ballasts. Although PCBs are no longer being manufactured, electrical transformers and lighting ballasts containing PCBs may still be in service. One (1) pole-mounted transformer was observed in the northeastern property corner. The pole-mounted transformer appeared to be in good condition with no sign of leaks or damage, therefore the transformer is not considered a REC.

5.2 Interior Observations

The subject property consists of four residential structures that are occupied. SEA was not granted access to the interior of the residences.

6.0 INTERVIEWS

6.1 Interview with Owner or Past Owner

No owner or past owner was available for interview.

6.2 Interview with Site Manager

No site manager was available for interview.

6.3 Interviews with Occupants

No occupants were available for interview.

6.4 Interviews with Local Government Officials

SEA attempted to contact the Dallas City Clerk Office with regard to any documented environmental issues, emergency responses, or violations associated with the subject property. The Dallas City Clerk Office did not respond to our request prior to the completion of this report.

7.0 FINDINGS

7.1 On-Site

The subject property does not appear on any of the regulatory lists reviewed. The 1938 aerial photograph shows the subject property as predominantly undeveloped wooded/agricultural land. The first residential structure appears on the subject property in 1951. A second one is seen in 1981, a third in 1993 and a fourth in 2007. No significant changes are seen on the 2007 to 2017 aerial photographs.

No USTs, sumps, pits, or sludge ponds/lagoons were observed on the subject property at the time of our site visit/reconnaissance. No on-site RECs were identified with regard to the subject property.

7.2 Off-Site

Several facilities within the prescribed ASTM minimum search-distances appeared on one or more of the regulatory lists reviewed.

Dallas Super Center #37 – located at 4088 Marietta Hwy northeast and upgradient from the subject property. The facility is listed on the LUST, UST, and Financial Assurance database. The

facility previously operated three (3) UST gasoline tanks. This facility had two reported spills. Both were issued NFAR letters in 1997 and 2017. Based on the upgradient location, the topographic distance from the subject property, and the presence of previous groundwater impacts documented on the site, Dallas Super Center #37 is considered a REC with regard to the subject property.

S&S Dry Cleaning Service – located at 4075 Marietta Hwy north and upgradient from the subject property. The facility is listed on the EDR historic cleaner database. Due to the lack of information about the facility, the potential of chlorinated solvents used on the site, and the upgradient location, S&S Dry Cleaning Service is considered a REC with regard to the subject property.

CNA Cleaners (C&A Cleaners) – located at 4130 Marietta Hwy north and upgradient from the subject property. The facility is listed on the EDR DRYCLEANERS database. According the EDR database C&A Cleaners is first listed in 2003 and remains in operation today. Due to the previous use of chlorinated solvents on the site, and the upgradient location, CNA Dry Cleaners (C&A Cleaners) is considered a REC with regard to the subject property.

Further information on these facilities is available in the attached EDR Radius Map Report with GeoCheck.

8.0 CONCLUSIONS AND OPINIONS

We have performed a Phase I Environmental Site Assessment in accordance with the scope and limitations of ASTM E 1527-21 for the subject property located at Charles Hardy Parkway, Dallas, Paulding County, Georgia. Our investigation identified several RECs with regard to the subject property. To determine if the identified RECs have impacted the subject property, further investigation is warranted.

9.0 DATA GAPS

No significant data gaps were encountered as part of our investigation.

11.0 SIGNATURES AND QUALIFICATIONS

11.1 Signature(s) of Environmental Professional(s)

The signatures of the Environmental Professionals responsible for this Report appear on the Transmittal Letter.

11.2 Qualification(s) of Environmental Professional(s)

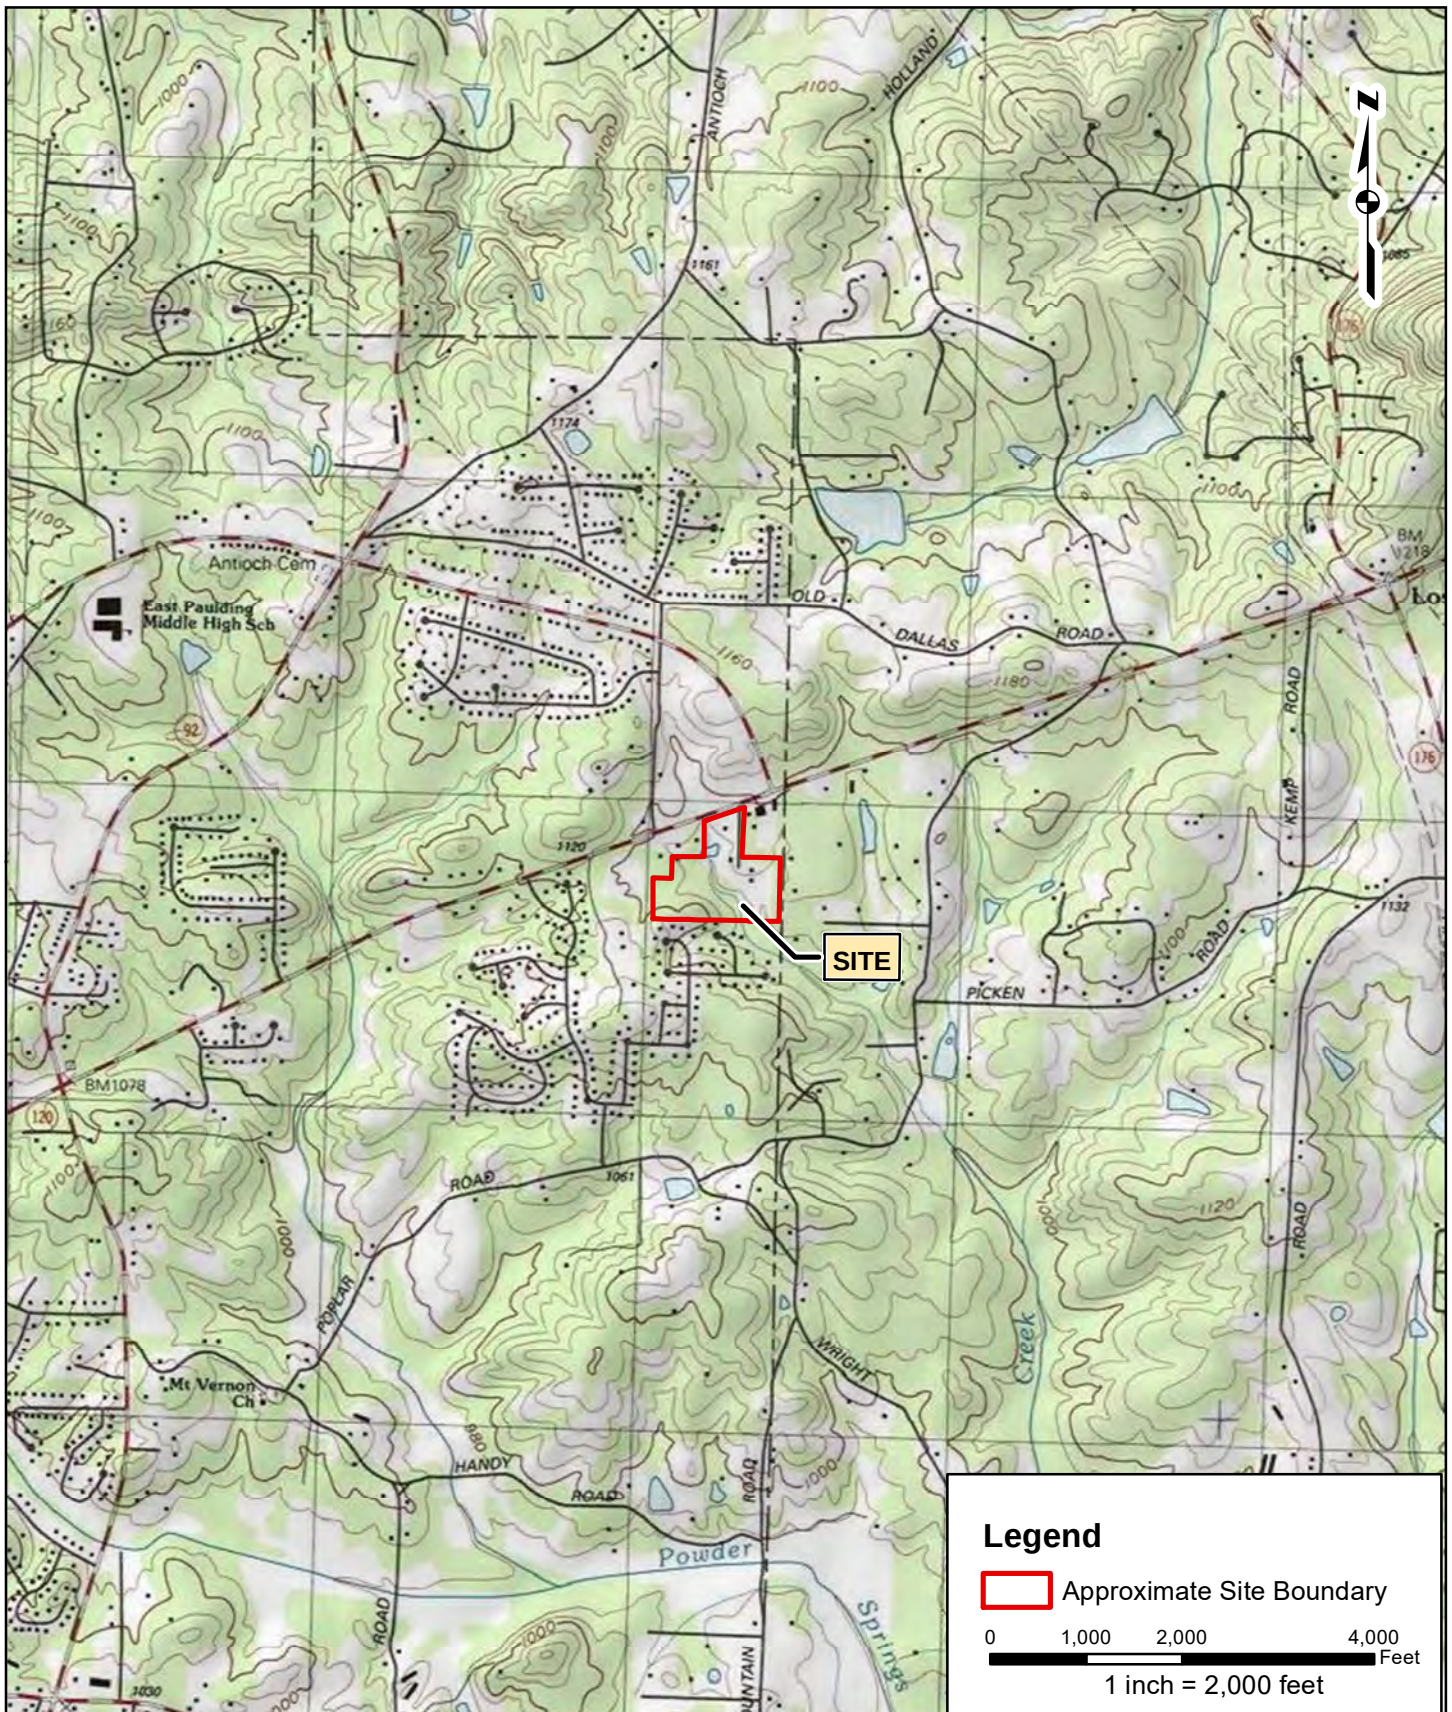

Mr. Michael J. Haller, P.G. with Sailors Engineering Associates, Inc served as project manager and has over 30 years of experience completing Geotechnical and Environmental Investigations.

Charles Nimmo, Staff Geologist with Sailors Engineering Associates, Inc., holds a Bachelor's Degree in and has first-hand experience with completing Geotechnical and Environmental Investigations.

Sailors Engineering Associates, Inc. (SEA) declares that to the best of our professional knowledge and belief, we meet the definition of Environmental Professional as outlined in §312.10 of 40 CFR 312 and we have the specific qualifications based on education, training, and experience to assess a property of the nature, history and setting of the subject property. We have developed and performed all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312.oiki

Environmental Data Resources, Inc. (EDR) Aerial Photo Decade Package is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's professional researchers provide digitally reproduced historical aerial photographs, and when available, provide one photo per decade.

The Sanborn Library has been searched by EDR and maps covering the target property location as provided by Sailors Eng Assoc Inc. were identified for the years listed below. The Sanborn Library is the largest, most complete collection of fire insurance maps. The collection includes maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow, and others. Only Environmental Data Resources Inc. (EDR) is authorized to grant rights for commercial reproduction of maps by the Sanborn Library LLC, the copyright holder for the collection. Results can be authenticated by visiting www.edrnet.com/sanborn.

The Sanborn Library is continually enhanced with newly identified map archives. This report accesses all maps in the collection as of the day this report was generated.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E1527-21), the ASTM Standard Practice for Environmental Site Assessments for Forestland or Rural Property (E 2247-16), the ASTM Standard Practice for Limited Environmental Due Diligence: Transaction Screen Process (E 1528-14) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property. Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

STANDARD ENVIRONMENTAL RECORDS

Lists of state and tribal leaking storage tanks

LUST: The Leaking Underground Storage Tank Incident Reports contain an inventory of reported leaking underground storage tank incidents. The data come from the Department of Natural Resources' Confirmed Release List.

A review of the LUST list, as provided by EDR, and dated 07/08/2021 has revealed that there are 2 LUST sites within approximately 0.5 miles of the target property.

ADDITIONAL ENVIRONMENTAL RECORDS

Other Ascertainable Records

DRYCLEANERS: A list of drycleaners in the state. The listing includes drycleaner facilities, that use perchloroethylene, that responded to the Notification of Compliance Status forms. It also includes those businesses that are pick-up stores only and do not conduct dry cleaning on site.

A review of the DRYCLEANERS list, as provided by EDR, and dated 11/01/2021 has revealed that there is 1 DRYCLEANERS site within approximately 0.25 miles of the target property.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>	<u>Map ID</u>	<u>Page</u>
CNA CLEANERS	4130 MARIETTA HWY	NNE 0 - 1/8 (0.054 mi.)	A3	10

EXECUTIVE SUMMARY

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR Hist Cleaner: EDR has searched selected national collections of business directories and has collected listings of potential dry cleaner sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include dry cleaning establishments. The categories reviewed included, but were not limited to dry cleaners, cleaners, laundry, laundromat, cleaning/laundry, wash & dry etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Cleaner list, as provided by EDR, has revealed that there is 1 EDR Hist Cleaner site within approximately 0.125 miles of the target property.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>	<u>Map ID</u>	<u>Page</u>

DETAIL MAP - 6839287.2S

-  Target Property
-  Sites at elevations higher than or equal to the target property
-  Sites at elevations lower than the target property
-  Manufactured Gas Plants
-  Sensitive Receptors
-  National Priority List Sites
-  Dept. Defense Sites
-  Indian Reservations BIA
-  County Boundary
-  Power transmission lines
-  Special Flood Hazard Area (1%)
-  0.2% Annual Chance Flood Hazard
-  National Wetland Inventory
-  State Wetlands

Status Date: Not reported
Product: Diesel
Pipe Material: Not reported
Overfill Protection: FALSE
Overfill Installed: 01/04/2006
Tank Exempt From Spill: FALSE
Date Spill Device Installed: 01/04/2006

Tankid: 2B
Name: MURPHY USA #7284
Address: 55 HILLSIDE DR
Tank Status: Currently in Use
City: DALLAS
Tank Material: Fiberglass Double Walled
Pipe Type: Pressurized
Overfill Type: Flapper Valve
Install Date: 12/29/2005
Facility ID: 10001053
Status Date: Not reported
Product: Premium
Pipe Material: Not reported
Overfill Protection: FALSE
Overfill Installed: 01/04/2006
Tank Exempt From Spill: FALSE
Date Spill Device Installed: 01/04/2006

GA Financial Assurance 1:

Name: MURPHY USA #7284
Address: 55 HILLSIDE DR
City,State,Zip: DALLAS, GA 30157
Region: 1
Facility ID: 10001053
Financial Responsibility: Self Insured
Location Start Date: 02/13/2006
Location End Date: Not reported
Location Status: Active
Location Type: Gas Station
Facility Status: ACTIVE

Count: 1 records.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

STANDARD ENVIRONMENTAL RECORDS

Lists of Federal NPL (Superfund) sites

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

	Data Release Frequency: Quarterly

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

Lists of Federal Delisted NPL sites

Delisted NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

Data Release Frequency: Varies

SEMS: Superfund Enterprise Management System

SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly known as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

Lists of Federal CERCLA sites with NFRAP

SEMS-ARCHIVE: Superfund Enterprise Management System Archive

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

SEMS-ARCHIVE (Superfund Enterprise Management System Archive) tracks sites that have no further interest under the Federal Superfund Program based on available information. The list was formerly known as the CERCLIS-NFRAP, renamed to SEMS ARCHIVE by the EPA in 2015. EPA may perform a minimal level of assessment work at a site while it is archived if site conditions change and/or new information becomes available. Archived sites have been removed and archived from the inventory of SEMS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list the site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. The decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be potential NPL site.

Lists of Federal RCRA TSD facilities

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Lists of Federal RCRA generators

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

RCRA-SQG: RCRA - Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

RCRA-VSQG: RCRA - Very Small Quantity Generators (Formerly Conditionally Exempt Small Quantity Generators)

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Very small quantity generators (VSQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

Date of Government Version: 09/13/2021	Source: Environmental Protection Agency
Date Data Arrived at EDR: 09/15/2021	Telephone: (404) 562-8651

US ENG CONTROLS: Engineering Controls Sites List

A listing of sites with engineering controls in place. Engineering controls include various forms of caps, building foundations, liners, and treatment methods to create pathway elimination for regulated substances to enter environmental media or effect human health.

Date of Government Version: 08/23/2021	Source: Environmental Protection Agency
Date Data Arrived at EDR: 08/23/2021	Telephone: 703-603-0695
Date Made Active in Reports: 11/12/2021	Last EDR Contact: 11/18/2021
Number of Days to Update: 81	Next Scheduled EDR Contact: 03/06/2022
	Data Release Frequency: Varies

US INST CONTROLS: Institutional Controls Sites List

A listing of sites with institutional controls in place. Institutional controls include administrative measures, such as groundwater use restrictions, construction restrictions, property use restrictions, and post remediation care requirements intended to prevent exposure to contaminants remaining on site. Deed restrictions are generally required as part of the institutional controls.

Date of Government Version: 08/23/2021	Source: Environmental Protection Agency

NON HSI: Non-Hazardous Site Inventory

This list was obtained by EDR in 1998 and contains property listings that have reported contamination of soil or groundwater under the Georgia Hazardous Site Response Act (HSRA). These sites were not placed on the Georgia Priority list (Hazardous Site Inventory or HSI) because their hazard evaluation scores did not exceed the threshold levels established for sites posing an imminent threat to health or the environment. Disclaimer provided by Rindt-McDuff Associates - the database information has been obtained from publicly available sources produced by other entities. While reasonable steps have been taken to insure the accuracy of the data, RMA does not guarantee the accuracy of the data. No claim is made for the actual existence of pollution at any site. This data does not constitute a legal opinion.

ADDITIONAL ENVIRONMENTAL RECORDS

Local Brownfield lists

US BROWNFIELDS: A Listing of Brownfields Sites

Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

US CDL: Clandestine Drug Labs

A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

RMP: Risk Management Plans

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

ABANDONED MINES: Abandoned Mines

An inventory of land and water impacted by past mining (primarily coal mining) is maintained by OSMRE to provide information needed to implement the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The inventory contains information on the location, type, and extent of AML impacts, as well as, information on the cost associated with the reclamation of those problems. The inventory is based upon field surveys by State, Tribal, and OSMRE program officials. It is dynamic to the extent that it is modified as new problems are identified and existing problems are reclaimed.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR MGP: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

EDR Hist Auto: EDR Exclusive Historical Auto Stations

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

AHA Hospitals:

Source: American Hospital Association, Inc.
Telephone: 312-280-5991

The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

Medical Centers: Provider of Services Listing

Source: Centers for Medicare & Medicaid Services
Telephone: 410-786-3000

A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.

Longitude (West):	84.725525 - 84° 43' 31.89"
Universal Transverse Mercator:	Zone 16
UTM X (Meters):	710235.4
UTM Y (Meters):	3756767.0
Elevation:	1062 ft. above sea level

USGS TOPOGRAPHIC MAP

Target Property Map:	15919529 LOST MOUNTAIN, GA
Version Date:	2020

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

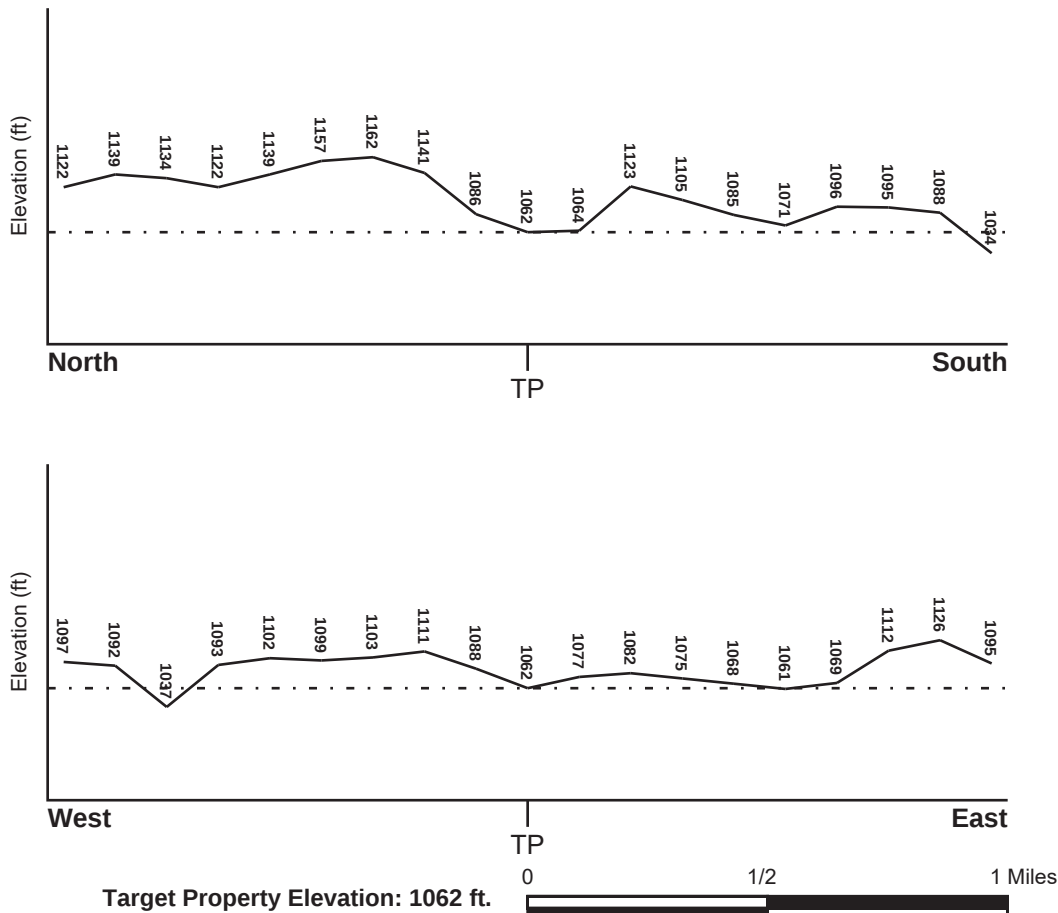

TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General ESE

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

FEMA FLOOD ZONE

<u>Flood Plain Panel at Target Property</u>	<u>FEMA Source Type</u>
13067C0086G	FEMA FIRM Flood data
<u>Additional Panels in search area:</u>	<u>FEMA Source Type</u>
13067C0078G	FEMA FIRM Flood data
13067C0079G	FEMA FIRM Flood data
13067C0087G	FEMA FIRM Flood data

NATIONAL WETLAND INVENTORY

<u>NWI Quad at Target Property</u>	<u>NWI Electronic Data Coverage</u>
LOST MOUNTAIN	YES - refer to the Overview Map and Detail Map

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

AQUIFLOW®

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

<u>MAP ID</u>	<u>LOCATION FROM TP</u>	<u>GENERAL DIRECTION GROUNDWATER FLOW</u>
Not Reported		

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

ROCK STRATIGRAPHIC UNIT

Era: Paleozoic
System: Mississippian
Series: felsic orthogneiss(=granite gneiss)
Code: mm4 (*decoded above as Era, System & Series*)

GEOLOGIC AGE IDENTIFICATION

Category: Metamorphic Rocks

Geologic Age and Rock Stratigraphic Unit Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - a digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps. The following information is based on Soil Conservation Service STATSGO data.

Soil Component Name: DAVIDSON

Soil Surface Texture: clay loam

Hydrologic Group: Class B - Moderate infiltration rates. Deep and moderately deep, moderately well and well drained soils with moderately coarse textures.

Soil Drainage Class: Well drained. Soils have intermediate water holding capacity. Depth to water table is more than 6 feet.

Hydric Status: Soil does not meet the requirements for a hydric soil.

Corrosion Potential - Uncoated Steel: HIGH

Depth to Bedrock Min: > 60 inches

Depth to Bedrock Max: > 60 inches

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

Soil Layer Information							
Layer	Boundary		Soil Texture Class	Classification		Permeability Rate (in/hr)	Soil Reaction (pH)
	Upper	Lower		AASHTO Group	Unified Soil

OTHER SOIL TYPES IN AREA

Based on Soil Conservation Service STATSGO data, the following additional subordinant soil types may appear within the general area of target property.

Soil Surface Textures: sandy loam
sandy clay loam
gravelly - clay loam

Surficial Soil Types: sandy loam
sandy clay loam
gravelly - clay loam

Shallow Soil Types: clay
sandy clay
sandy clay loam
gravelly - clay loam

Deeper Soil Types: fine sandy loam
sandy loam
loamy sand
weathered bedrock

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

LOCAL / REGIONAL WATER AGENCY RECORDS

EDR Local/Regional Water Agency records provide water well information to assist the environmental professional in assessing sources that may impact ground water flow direction, and in forming an opinion about the impact of contaminant migration on nearby drinking water wells.

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)

Source: United States Geologic Survey

EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Current USGS 7.5 Minute Topographic Map

Source: U.S. Geological Survey

HYDROLOGIC INFORMATION

Flood Zone Data: This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.

Source: FEMA

Telephone: 877-336-2627

Date of Government Version: 2003, 2015

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002, 2005 and 2010 from the U.S. Fish and Wildlife Service.

State Wetlands Data: Wetlands Inventory

Source: Georgia GIS Clearinghouse

Telephone: 706-542-1581

HYDROGEOLOGIC INFORMATION

AQUIFLOW^R Information System

Source: EDR proprietary database of groundwater flow information

EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

GEOLOGIC INFORMATION

Geologic Age and Rock Stratigraphic Unit

Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

STATSGO: State Soil Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

Telephone: 800-672-5559

SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

PHYSICAL SETTING SOURCE RECORDS SEARCHED

LOCAL / REGIONAL WATER AGENCY RECORDS

FEDERAL WATER WELLS

PWS: Public Water Systems

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Public Water System data from the Federal Reporting Data System. A PWS is any water system which provides water to at least 25 people for at least 60 days annually. PWSs provide water from wells, rivers and other sources.

PWS ENF: Public Water Systems Violation and Enforcement Data

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Violation and Enforcement data for Public Water Systems from the Safe Drinking Water Information System (SDWIS) after August 1995. Prior to August 1995, the data came from the Federal Reporting Data System (FRDS).

USGS Water Wells: USGS National Water Inventory System (NWIS)

This database contains descriptive information on sites where the USGS collects or has collected data on surface water and/or groundwater. The groundwater data includes information on wells, springs, and other sources of groundwater.

OTHER STATE DATABASE INFORMATION

DNR Managed Lands

Source: Department of Natural Resources

Telephone: 706-557-3032

This dataset provides 1:24,000-scale data depicting boundaries of land parcels making up the public lands managed by the Georgia Department of Natural Resources (GDNR). It includes polygon representations of State Parks, State Historic Parks, State Conservation Parks, State Historic Sites, Wildlife Management Areas, Public Fishing Areas, Fish Hatcheries, Natural Areas and other specially-designated areas. The data were collected and located by the Georgia Department of Natural Resources. Boundaries were digitized from survey plats or other information.

RADON

Area Radon Information

Source: USGS

Telephone: 703-356-4020

The National Radon Database has been developed by the U.S. Environmental Protection Agency (USEPA) and is a compilation of the EPA/State Residential Radon Survey and the National Residential Radon Survey. The study covers the years 1986 - 1992. Where necessary data has been supplemented by information collected at private sources such as universities and research institutions.

EPA Radon Zones

Source: EPA

Telephone: 703-356-4020

Sections 307 & 309 of IRAA directed EPA to list and identify areas of U.S. with the potential for elevated indoor radon levels.

OTHER

Airport Landing Facilities: Private and public use landing facilities

Source: Federal Aviation Administration, 800-457-6656

Epicenters: World earthquake epicenters, Richter 5 or greater

Source: Department of Commerce, National Oceanic and Atmospheric Administration

Earthquake Fault Lines: The fault lines displayed on EDR's Topographic map are digitized quaternary faultlines, prepared in 1975 by the United State Geological Survey

EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.'s (EDR) City Directory Report is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Report includes a search of available city directory data at 5 year intervals.

RECORD SOURCES

EDR's Digital Archive combines historical directory listings from sources such as Cole Information and Dun & Bradstreet. These standard sources of property information complement and enhance each other to provide a more comprehensive report.

EDR is licensed to reproduce certain City Directory works by the copyright holders of those works. The purchaser of this EDR City Directory Report may include it in report(s) delivered to a customer. Reproduction of City Directories without permission of the publisher or licensed vendor may be a violation of copyright.

DEED ONLY; NO TITLE CERTIFICATION

WARRANTY DEED

STATE OF GEORGIA,

County 92 SEP 28 PM 4:20

THIS INDENTURE, made this 25th day of September
in the year of our Lord One Thousand Nine Hundred and
between SHANE LEE FIELDS

of the State of GEORGIA and County of PAULDING of the first part
and EDWARD M. FIELDS

of the State of GEORGIA and County of PAULDING of the second part.

WITNESSETH: That the said part Y of the first part, for and in consideration of the sum
of Ten Dollars (\$10.00) And Other Good and Valuable Consideration DOLLARS
in hand paid at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged,
ha granted, bargained, sold and conveyed and by these presents do grant, bargain, sell and convey unto
the said part of the second part, heirs and assigns, all that tract or

parcel of land lying and being in
All that tract of parcel of land lying and being in the Nineteenth (19th)
District and Second (2nd) Section of Paulding County, Georgia, and being a
part of Original Land Lot No. One Hundred Forty Five (145) described as
follows:

BEGINNING at a point of the South original line of Land Lot No. 145 and
396 feet West of the Southeast corner of said land lot; thence running North a
distance of 550 feet to the South side of the right-of-way of Georgia State
Highway #120 a distance of 43 feet to an iron pin; thence running South a
distance of 538 feet to an iron pin at the South original line of Land Lot No.
145; thence running East along the South original line of Land Lot No. 145 a
distance of 40 feet to the POINT OF BEGINNING.

Said tract being more particularly shown by a plat of the property of
L.D. Spriggs which appears of record in Plat Book 1, Page 62, in the Office of
the Clerk of Paulding Superior Court.

ALSO, all that tract or parcel of land being in the Nineteenth (19th)
District and Second (2nd) Section of Paulding County, Georgia, and being a
part of Original Land Lot No. 152, described as follows:

BEING the North one-half of said Lot Number 152 and beginning at the
Northeast corner of said Lot Number 152 and running thence West, along the
North original line of Land Lot No. 152 a distance of 1118 feet to an iron
pin; thence South for a distance of 226 feet to an iron pin; thence West a
distance of 195 feet to an iron pin or to the West boundary of Land Lot No.
152; thence running South for a distance of 434 feet and to the center of said
Land Lot No. 152; thence running East a distance of 1320 feet and to the East
original line of said Land Lot No. 152 and being the boundary of Paulding and
Cobb County lines; thence North along the said East line a distance of 660
feet and the POINT OF BEGINNING.

Said tract of land containing 19 acres, more or less.

TO HAVE AND TO HOLD the said bargained premises, together with all and singular the rights, members and
appurtenances thereof, to the same being, belonging or in any wise appertaining, to the only proper use, benefit
and behoof of him the said part Y of the second part, his heirs and
assigns forever, IN FEE SIMPLE.

And the said part Y of the first part, for his heirs, executors and administrators
will warrant and forever defend the right and title to the above described property unto the said part Y of
the second part, his heirs and assigns, against the lawful claims of all persons whomsoever.

IN WITNESS WHEREOF, The said part Y of the first part ha S hereunto set his
hand and affixed his seal, the day and year above written.

Signed, sealed and delivered in the presence of

QUITCLAIM DEED

STATE OF GEORGIA

COUNTY OF PAULDING

THIS INDENTURE, Made the 18th day of September, in the year one thousand nine hundred Ninety-Two, between HENRY L. SPINKS, of the County of Paulding, and the State of Georgia, as party or parties of the first part, hereinafter called Grantor, and KENNETH M. HARDY AND ANGELA HARDY of the county of Paulding, and the State of Georgia, as party or parties of the second part, hereinafter called Grantee (the words "Grantor" and Grantee" to include their respective heirs, successors and assigns where the context requires or permits).

WITNESSETH that: Grantor, for and in consideration of the sum of one dollar (\$1.00) and other good and valuable considerations in hand paid at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has bargained and sold and by these presents does hereby bargain, sell, remise, release, convey and forever QUITCLAIM unto the said Grantee,

All that tract or parcel of land lying and being in Land Lot 1250 & 1251 of the 19th District and 3rd Section of Paulding County, Georgia, and being more particularly described as Tract III on that plat of survey recorded in Plat Book 15, Page 126 in the office of the Clerk of Superior Court of Paulding County, Georgia. Said plat of survey is incorporated in the description herein by reference thereto.

WARRANTY DEED

STATE OF GEORGIA, COUNTY OF PAULDING

PAULDING COUNTY, GEORGIA
SUPERIOR COURT

97 MAY 28 AM 9:10

THIS INDENTURE, made this 23RD day of MAY in the year of our Lord One Thousand Nine Hundred and Ninety Seven between **MADGE RUTLEDGE, DALE A. RUTLEDGE, and MARK A. RUTLEDGE, all of the heirs at law of James G. Rutledge, deceased** of the State of Georgia and County of Paulding of the first part and **EDWARD FIELDS** of the State of Georgia and County of Paulding of the second part.

WITNESSETH: That the said parties of the first part, for and in consideration of the sum of Ten (\$10.00) Dollars and other good and valuable considerations in hand paid at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold and conveyed and by these presents does grant, bargain, sell and convey unto the said party of the second part, his heirs and assigns, all that tract or parcel of land described as follows:

All that tract or parcel of land lying and being in the Nineteenth (19th) District an Second (2nd) Section of Paulding County, Georgia and being a part of Original Land Lot No. 145 described as follows:

BEGINNING at a point on the South original Land Lot No. 145, which point is 436 West of the Southeast corner of said lot; thence running West along the South original line of Original Land Lot No. 145 for a distance of Three Hundred and Fifty Six (356) feet; thence running North on a line perpendicular to the South original line of said lot for a distance of Four Hundred and Five (405) feet to the South side of the right-of-way of Georgia State Highway No. 120; thence running Northeastward along the South side of the right-of-way of Georgia State Highway No. 120 for a distance of Three Hundred and Ninety Nine (399) feet; thence running South on a line parallel to the West original line of Land Lot No. 145 for a distance of Five Hundred and Thirty Eight (538) feet to THE POINT OF BEGINNING.

Said tract having a six room, frame house and a single-wide mobile home.

The conveyance herein by parties of the first part is made in lieu of the foreclosure by party of the second part of those certain Deeds to Secure Debt recorded in the following Deed Books:

SECURITY DEED

FHA Case No.

GA1018525225

THIS SECURITY DEED ("Security Instrument") is given on December 21, 1998. The Grantor is REGINA K. WATKINS, A MARRIED WOMAN

and whose address is

639 BUCK BOULEVARD, SE CALHOUN, GA 30701-

("Borrower"). This Security Instrument is given to COUNTRYWIDE HOME LOANS, INC.

which is organized and existing under the laws of NEW YORK 4500 PARK GRANADA, CALABASAS, CA 91302-1613

, and whose address is

("Lender"). Borrower owes Lender the principal sum of

SIXTY FOUR THOUSAND EIGHT HUNDRED SEVENTY THREE and 00/100

Dollars (U.S.\$ 64,873.00

). This debt is evidenced by Borrower's note dated the same date as this Security Instrument ("Note"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on January 1, 2024

This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications of the Note; (b) the payment of all other sums, with interest, advanced under paragraph 7 to protect the security of this Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby grant and convey to the Lender and Lender's successors and assigns, with power of sale, the following described property located in GORDON County, Georgia:

ALL THAT TRACT OR PARCEL OF LAND LYING AND BEING IN LAND LOT 223 OF THE 7TH DISTRICT AND 3RD SECTION OF GORDON COUNTY, GEORGIA; AND BEING LOT 145 OF PLANTATION PLACE, PHASE IV, AS PER PLAT RECORDED IN PLAT BOOK 32, PAGE 93, GORDON COUNTY, GEORGIA RECORDS, WHICH PLAT BY REFERENCE IS INCORPORATED HEREIN AND MADE A PART HEREOF.

which has the address of 639 BUCK BOULEVARD, SE, CALHOUN

[Street, City]

Georgia 30701- ("Property Address");

CASE #: GA1018525225

LOAN #: 6104610

TO HAVE AND TO HOLD this property unto Lender and Lender's successors and assigns, forever, together with all the improvements now or hereafter erected on the property, and all easements, appurtenances and fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by this Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property."

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variations by jurisdiction to constitute a uniform security instrument covering real property.

Borrower and Lender covenant and agree as follows:

UNIFORM COVENANTS.

1. Payment of Principal, Interest and Late Charge. Borrower shall pay when due the principal of, and interest on, the debt evidenced by the Note and late charges due under the Note.

2. Monthly Payment of Taxes, Insurance and Other Charges. Borrower shall include in each monthly payment, together with the principal and interest as set forth in the Note and any late charges, a sum for (a) taxes and special assessments levied or to be levied against the Property, (b) leasehold payments or ground rents on the Property, and (c) premiums for insurance required under paragraph 4. In any year in which the Lender must pay a mortgage insurance premium to the Secretary of Housing and Urban Development ("Secretary"), or in any year in which such premium would have been required if Lender still held the Security Instrument, each monthly payment shall also include either: (i) a sum for the annual mortgage insurance premium to be paid by Lender to the Secretary, or (ii) a monthly charge instead of a mortgage insurance premium if this Security Instrument is held by the Secretary, in a reasonable amount to be determined by the Secretary. Except for the monthly charge by the Secretary, these items are called "Escrow Items" and the sums paid to Lender are called "Escrow Funds."

Lender may, at any time, collect and hold amounts for Escrow Items in an aggregate amount not to exceed the maximum amount that may be required for Borrower's escrow account under the Real Estate Settlement Procedures Act of 1974, 12 U.S.C. Section 2601 *et seq.* and implementing regulations, 24 CFR Part 3500, as they may be amended from time to time ("RESPA"), except that the cushion or reserve permitted by RESPA for unanticipated disbursements or disbursements before the Borrower's payments are available in the account may not be based on amounts due for the mortgage insurance premium.

If the amounts held by Lender for Escrow Items exceed the amounts permitted to be held by RESPA, Lender shall account to Borrower for the excess funds as required by RESPA. If the amounts of funds held by Lender at any time are not sufficient to pay the Escrow Items when due, Lender may notify the Borrower and require Borrower to make up the shortage as permitted by RESPA.

The Escrow Funds are pledged as additional security for all sums secured by this Security Instrument. If Borrower tenders to Lender the full payment of all such sums, Borrower's account shall be credited with the balance remaining for all installment items (a), (b), and (c) and any mortgage insurance premium installment that Lender has not become obligated to pay to the Secretary, and Lender shall promptly refund any excess funds to Borrower. Immediately prior to a foreclosure sale of the Property or its acquisition by Lender, Borrower's account shall be credited with any balance remaining for all installments for items (a), (b), and (c).

3. Application of Payments. All payments under paragraphs 1 and 2 shall be applied by Lender as follows:

First, to the mortgage insurance premium to be paid by Lender to the Secretary or to the monthly charge by the Secretary instead of the monthly mortgage insurance premium;

Second, to any taxes, special assessments, leasehold payments or ground rents, and fire, flood and other hazard insurance premiums, as required;

Third, to interest due under the Note;

Fourth, to amortization of the principal of the Note; and

Fifth, to late charges due under the Note.

4. Fire, Flood and Other Hazard Insurance. Borrower shall insure all improvements on the Property, whether now in existence or subsequently erected, against any hazards, casualties, and contingencies, including fire, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. Borrower shall also insure all improvements on the Property, whether now in existence or subsequently erected, against loss by floods to the extent required by the Secretary. All insurance shall be carried with companies approved by Lender. The insurance policies and any renewals shall be held by Lender and shall include loss payable clauses in favor of, and in a form acceptable to, Lender.

In the event of loss, Borrower shall give Lender immediate notice by mail. Lender may make proof of loss if not made promptly by Borrower. Each insurance company concerned is hereby authorized and directed to make payment for such loss directly to Lender, instead of to Borrower and to Lender jointly. All or any part of the insurance proceeds may be applied by Lender, at its option, either (a) to the reduction of the indebtedness under the Note and this Security Instrument, first to any delinquent amounts applied in the order in paragraph 3, and then to prepayment of principal, or (b) to the restoration or repair of the damaged Property. Any application of the proceeds to the principal shall not extend or postpone the due date of the monthly payments which are referred to in paragraph 2, or change the amount of such payments. Any excess insurance proceeds over an amount required to pay all outstanding indebtedness under the Note and this Security Instrument shall be paid to the entity legally entitled thereto.

In the event of foreclosure of this Security Instrument or other transfer of title to the Property that extinguishes the indebtedness, all right, title and interest of Borrower in and to insurance policies in force shall pass to the purchaser.

4R(GA) (9707) CHL (11/97)

Page 2 of 8

CONTINUED

CASE #: GA1018525225

LOAN #: 6104610

5. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application; Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument (or within sixty days of a later sale or transfer of the Property) and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender determines that requirement will cause undue hardship for Borrower, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall notify Lender of any extenuating circumstances. Borrower shall not commit waste or destroy, damage or substantially change the Property or allow the Property to deteriorate, reasonable wear and tear excepted. Lender may inspect the Property if the Property is vacant or abandoned or the loan is in default. Lender may take reasonable action to protect and preserve such vacant or abandoned Property. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with the provisions of the lease. If Borrower acquires fee title to the Property, the leasehold and fee title shall not be merged unless Lender agrees to the merger in writing.

6. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in place of condemnation, are hereby assigned and shall be paid to Lender to the extent of the full amount of the indebtedness that remains unpaid under the Note and this Security Instrument. Lender shall apply such proceeds to the reduction of the indebtedness under the Note and this Security Instrument, first to any delinquent amounts applied in the order provided in paragraph 3, and then to prepayment of principal. Any application of the proceeds to the principal shall not extend or postpone the due date of the monthly payments, which are referred to in paragraph 2, or change the amount of such payments. Any excess proceeds over an amount required to pay all outstanding indebtedness under the Note and this Security Instrument shall be paid to the entity legally entitled thereto.

7. Charges to Borrower and Protection of Lender's Rights in the Property. Borrower shall pay all governmental or municipal charges, fines and impositions that are not included in paragraph 2. Borrower shall pay these obligations on time directly to the entity which is owed the payment. If failure to pay would adversely affect Lender's interest in the Property, upon Lender's request Borrower shall promptly furnish to Lender receipts evidencing these payments.

If Borrower fails to make these payments or the payments required by paragraph 2, or fails to perform any other covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, for condemnation or to enforce laws or regulations), then Lender may do and pay whatever is necessary to protect the value of the Property and Lender's rights in the Property, including payment of taxes, hazard insurance and other items mentioned in paragraph 2.

Any amounts disbursed by Lender under this paragraph shall become an additional debt of Borrower and be secured by this Security Instrument. These amounts shall bear interest from the date of disbursement, at the Note rate, and at the option of Lender, shall be immediately due and payable.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over this Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

8. Fees. Lender may collect fees and charges authorized by the Secretary.

9. Grounds for Acceleration of Debt.

(a) **Default.** Lender may, except as limited by regulations issued by the Secretary, in the case of payment defaults, require immediate payment in full of all sums secured by this Security Instrument if:

- (i) Borrower defaults by failing to pay in full any monthly payment required by this Security Instrument prior to or on the due date of the next monthly payment, or
- (ii) Borrower defaults by failing, for a period of thirty days, to perform any other obligations contained in this Security Instrument.

(b) **Sale Without Credit Approval.** Lender shall, if permitted by applicable law (including Section 341(d) of the Garn-St. Germain Depository Institutions Act of 1982, 12 U.S.C. 1701j-3(d)) and with the prior approval of the Secretary, require immediate payment in full of all sums secured by this Security Instrument if:

- (i) All or part of the Property, or a beneficial interest in a trust owning all or part of the Property, is sold or otherwise transferred (other than by devise or descent), and
- (ii) The Property is not occupied by the purchaser or grantee as his or her principal residence, or the purchaser or grantee does so occupy the Property but his or her credit has not been approved in accordance with the requirements of the Secretary.

(c) **No Waiver.** If circumstances occur that would permit Lender to require immediate payment in full, but Lender does not require such payments, Lender does not waive its rights with respect to subsequent events.

(d) **Regulations of HUD Secretary.** In many circumstances regulations issued by the Secretary will limit Lender's rights, in the case of payment defaults, to require immediate payment in full and foreclose if not paid. This Security Instrument does not authorize acceleration or foreclosure if not permitted by regulations of the Secretary.

(e) **Mortgage Not Insured.** Borrower agrees that if this Security Instrument and the Note are not determined to be eligible for insurance under the National Housing Act within 60 days from the date hereof, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. A written statement of any authorized agent of the Secretary dated subsequent to 60 days from the date hereof, declining to insure this Security Instrument and the Note, shall be deemed conclusive proof of such ineligibility.

Page 3 of 6

Initials

RW

CASE #: GA1018525225

LOAN #: 6104610

Notwithstanding the foregoing, this option may not be exercised by Lender when the unavailability of insurance is solely due to Lender's failure to remit a mortgage insurance premium to the Secretary.

10. **Reinstatement.** Borrower has a right to be reinstated if Lender has required immediate payment in full because of Borrower's failure to pay an amount due under the Note or this Security Instrument. This right applies even after foreclosure proceedings are instituted. To reinstate the Security Instrument, Borrower shall tender in a lump sum all amounts required to bring Borrower's account current including, to the extent they are obligations of Borrower under this Security Instrument, foreclosure costs and reasonable and customary attorneys' fees and expenses properly associated with the foreclosure proceeding. Upon reinstatement by Borrower, this Security Instrument and the obligations that it secures shall remain in effect as if Lender had not required immediate payment in full. However, Lender is not required to permit reinstatement if: (i) Lender has accepted reinstatement after the commencement of foreclosure proceedings within two years immediately preceding the commencement of a current foreclosure proceeding, (ii) reinstatement will preclude foreclosure on different grounds in the future, or (iii) reinstatement will adversely affect the priority of the lien created by this Security Instrument.

11. **Borrower Not Released; Forbearance By Lender Not a Waiver.** Extension of the time of payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successor in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. **Successors and Assigns Bound; Joint and Several Liability; Co-Signers.** The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the provisions of paragraph 9(b). Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. **Notices.** Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law requires use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given by first class mail to Lender's address stated herein or any address Lender designates by notice to Borrower. Any notice provided for in this Security Instrument shall be deemed to have been given to Borrower or Lender when given as provided in this paragraph.

14. **Governing Law; Severability.** This Security Instrument shall be governed by Federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

15. **Borrower's Copy.** Borrower shall be given one conformed copy of the Note and of this Security Instrument.

16. **Hazardous Substances.** Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.

Borrower shall promptly give Lender written notice of any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substances affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 16, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 16, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

NON-UNIFORM COVENANTS. Borrower and Lender further covenant and agree as follows:

17. **Assignment of Rents.** Borrower unconditionally assigns and transfers to Lender all the rents and revenues of the Property. Borrower authorizes Lender or Lender's agents to collect the rents and revenues and hereby directs each tenant of the Property to pay the rents to Lender or Lender's agents. However, prior to Lender's notice to Borrower of Borrower's breach of any covenant or agreement in the Security Instrument, Borrower shall collect and receive all rents and revenues of the Property as trustee for the benefit of Lender and Borrower. This assignment of rents constitutes an absolute assignment and not an assignment for additional security only.

If Lender gives notice of breach to Borrower: (a) all rents received by Borrower shall be held by Borrower as trustee for benefit of Lender only, to be applied to the sums secured by the Security Instrument; (b) Lender shall be entitled to collect and receive all of the rents of the Property; and (c) each tenant of the Property shall pay all rents due and unpaid to Lender or Lender's agent on Lender's written demand to the tenant.

Borrower has not executed any prior assignment of the rents and has not and will not perform any act that would prevent Lender from exercising its rights under this paragraph 17.

Lender shall not be required to enter upon, take control of or maintain the Property before or after giving notice of breach to Borrower. However, Lender or a judicially appointed receiver may do so at any time there is a breach. Any

CASE #: GA1018525225

LOAN #: 6104610

application of rents shall not cure or waive any default or invalidate any other right or remedy of Lender. This assignment of rents of the Property shall terminate when the debt secured by the Security Instrument is paid in full.

18. Foreclosure Procedure. If Lender requires immediate payment in full of all sums under paragraph 9, Lender may invoke the power of sale granted by Borrower and any other remedies permitted by applicable law. Borrower appoints Lender the agent and attorney-in-fact for Borrower to exercise the power of sale. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 18, including, but not limited to, reasonable attorneys' fees and costs of title evidence.

If Lender invokes the power of sale, Lender shall give a copy of a notice of sale to Borrower in the manner provided in paragraph 13 and shall give notice of sale by public advertisement for the time and in the manner prescribed by applicable law. Lender, without further demand on Borrower, shall sell the Property at public auction to the highest bidder at the time and place and under the terms designated in the notice of sale in one or more parcels and in any order Lender determines. Lender or its designee may purchase the Property at any sale.

Lender shall convey to the purchaser indefeasible title to the Property, and Borrower hereby appoints Lender Borrower's agent and attorney-in-fact to make such conveyance. The recitals in the Lender's deed shall be prima facie evidence of the truth of the statements made therein. Borrower covenants and agrees that Lender shall apply the proceeds of the sale in the following order: (a) to all expenses of the sale, including, but not limited to, reasonable attorneys' fees; (b) to all sums secured by this Security Instrument; and (c) any excess to the person or persons legally entitled to it. The power and agency granted are coupled with an interest, are irrevocable by death or otherwise and are cumulative to the remedies for collection of debt as provided by law.

If the Property is sold pursuant to this paragraph 18, Borrower, or any person holding possession of the Property through Borrower, shall immediately surrender possession of the Property to the purchaser at the sale. If possession is not surrendered, Borrower or such person shall be a tenant holding over and may be dispossessed in accordance with applicable law.

If the Lender's interest in this Security Instrument is held by the Secretary and the Secretary requires immediate payment in full under Paragraph 9, the Secretary may invoke the nonjudicial power of sale provided in the Single Family Mortgage Foreclosure Act of 1994 ("Act") (12 U.S.C. 3751 *et seq.*) by requesting a foreclosure commissioner designated under the Act to commence foreclosure and to sell the Property as provided in the Act. Nothing in the preceding sentence shall deprive the Secretary of any rights otherwise available to a Lender under this Paragraph 18 or applicable law.

19. Release. Upon payment of all sums secured by this Security Instrument, Lender shall cancel this Security Instrument without charge to Borrower. Borrower shall pay any recordation costs.

20. Waiver of Homestead. Borrower waives all rights of homestead exemption in the Property.

21. Assumption not a Novation. Lender's acceptance of an assumption of the obligations of this Security Instrument and the Note, and any release of Borrower in connection therewith, shall not constitute a novation.

22. Security Deed. This conveyance is to be construed under the existing laws of the State of Georgia as a deed passing title, and not as a mortgage, and is intended to secure the payment of all sums secured hereby.

23. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. [Check applicable box(es)].

☐ Condominium Rider ☐ Growing Equity Rider ☐ Other [specify]
☐ Planned Unit Development Rider ☐ Graduated Payment Rider

BY SIGNING BELOW, Borrower accepts and agrees to the terms contained in this Security Instrument and in any rider(s) executed by Borrower and recorded with it.

USER QUESTIONNAIRE
(to be completed by purchaser only)

In order to qualify for one of the *Landowner Liability Protections* (LLPs) offered by the Small Business Liability Relief and Brownfields Revitalization Act of 2001 (the “*Brownfield Amendments*”), the *user* must conduct the following inquiries required by 40 CFR 312.25, 312.28, 312.29, 312.30, and 312.31. These inquiries must also be conducted by EPA Brownfield Assessment and Characterization grantees.

This form has been prepared to comply with the requirements of ASTM 1527-21.

Site Name: _____

Name and Title of Person Completing Questionnaire

Date: _____

The *user* should provide the following information to the *environmental professional*. Failure to conduct these inquiries could result in a determination that “*all appropriate inquiries*” is not complete.

(1.) Environmental liens that are files or recorded against the *property* (40 CFR 312.25).

Did a search of *recorded land title records* (or judicial records where appropriate, see Note 1 below) identify any environmental liens filed or recorded against the *property* under federal, tribal, state or local law?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

Note 1 – In certain jurisdictions, federal, tribal, state or local statutes, or regulations specify that environmental liens and AULs be filed in judicial records rather than in land title records. In such cases, judicial records must be searched for environmental liens and AULs.

(2.) Activity and use limitations that are in place on the *property* or that have been filed or recorded against the *property* (40 CFR 312.26(a)(1)(v) and (vi)).

Did a search of recorded land title records (or judicial records where appropriate see Note 1 above) identify any AULs such as engineering controls, land use restrictions or institutional controls that are in place at the *property* and/or have been filed or recorded against the *property* under federal, tribal, state or local law?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

(3.) Specialized knowledge or experience of the person seeking to qualify for the LLP (40 CFR 312.28).

Do you have any specialized knowledge or experience related to the *property* or nearby properties? For example, are you involved in the same line of business as the current or former occupants of the *property* or an *adjoining property* so that you would have specialized knowledge of the chemicals and processes used by this type of business?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

(4.) Relationship of the purchase price to the fair market value of the *property* if it were not contaminated (40 CFR 312.29).

Does the purchase price being paid for this *property* reasonably reflect the fair market value of the *property*?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

If you conclude that there is a difference, have you considered whether the lower purchase price is because contamination is known or believed to be present at the *property*?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

(5.) Commonly known or reasonably ascertainable information about the *property* (CFR 312.30).

Are you aware of commonly known or reasonably ascertainable information about the property that would help the *environmental professional* to identify conditions indicative of releases or threatened releases? For example,

(a.) Do you know the past uses of the *property*?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

(b.) Do you know of specific chemicals that are present or once were present at the *property*?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

(c.) Do you know of spills or other chemical releases that have taken place at the *property*?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

(d.) Do you know of any environmental cleanups that have taken place at the *property*?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

(e.) Do you know of any underground or above ground storage tanks at the *property*?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

(f.) Are you aware of any previous environmental reports pertaining to the *property*?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

(6.) The degree of obviousness or the presence or likely presence of contamination at the *property*, and the ability to detect the contamination by appropriate investigation (40 CFR 312.31)

Based on your knowledge and experience related to the *property* are there any obvious indicators that point to the presence or likely presence of releases at the *property*?

☐ No ☐ Yes (Describe or attach information) Attachment No. _____

Additional information provided to the *environmental professional* by the *user*.

(a.) The reason why the Phase I Environmental Site Assessment is being performed?

(b.) The type of property and the type of property transaction (examples: sale, purchase, exchange, construction loan, etc.)?
