Said tract contains 11.93 Acres including the road Right-of-way.

LEGAL DESCRIPTION FOR AGRICULTURAL PRESERVATION OVERLAY
The South 1051.55±, lying North of the centerline of Four Mile Creek, in the West-half of the Northeast Quarter (NE4) of Section 12, Township 28 South, Range 3 East of the Sixth Principal Meridian in Butler County, Kansas. Said tract contains 28, more or less, Acres.

CORRECTIONS
This Certificate is correcting the previous survey recorded in Book 2023 Page 4360. There are 2 corrections to the legal description. These corrections are as follows:

1. The beginning point was previously described as being 519.49 feet East of the Northwest corner of said Northeast Quarter (NE4).
The correct distance is 566.34 feet.
2. The 2nd run of the original description says "thence South perpendicular to said North line, a distance of 686.18 feet".
The word "perpendicular" has been removed and replaced with "along the East line of the West-half of said Northeast Quarter".

Real Estate Brokerage Relationships

Kansas law requires real estate licensees to provide the following information about brokerage relationships to prospective sellers and buyers at the first practical opportunity. This brochure is provided for informational purposes and does not create an obligation to use the broker's services.

Types of Brokerage Relationships: A real estate licensee may work with a buyer or seller as a seller's agent, buyer's agent or transaction broker. The disclosure of the brokerage relationship between all licensees involved and the seller and buyer must be included in any contract for sale and in any lot reservation agreement.

Seller's Agent: The seller's agent represents the seller only, so the buyer may be either unrepresented or represented by another agent. In order to function as a seller's agent, the broker must enter into a written agreement to represent the seller. Under a seller agency agreement, all licensees at the brokerage are seller's agents unless a designated agent is named in the agreement. If a designated agent is named, only the designated agent has the duties of a seller's agent and the supervising broker of the designated agent functions as a transaction broker.

Buyer's Agent: The buyer's agent represents the buyer only, so the seller may be either unrepresented or represented by another agent. In order to function as a buyer's agent, the broker must enter into a written agreement to represent the buyer. Under a buyer agency agreement, all licensees at the brokerage are buyer's agents unless a designated agent is named in the agreement. If a designated agent is named, only the designated agent has the duties of a buyer's agent and the supervising broker of the designated agent functions as a transaction broker.

A Transaction Broker is not an agent for either party and does not advocate the interests of either party. A transaction brokerage agreement can be written or verbal.

Duties and Obligations: Agents and transaction brokers have duties and obligations under K.S.A. 58-30,106, 58-30,107, and 58-30,113, and amendments thereto. A summary of those duties are:

An Agent, either seller's agent or buyer's agent, is responsible for performing the following duties:

- promoting the interests of the client with the utmost good faith, loyalty, and fidelity
- protecting the clients confidences, unless disclosure is required
- presenting all offers in a timely manner
- advising the client to obtain expert advice
- accounting for all money and property received
- disclosing to the client all adverse material facts actually known by the agent
- disclosing to the other party all adverse material facts actually known by the agent

The transaction broker is responsible for performing the following duties:

- protecting the confidences of both parties
- exercising reasonable skill and care
- presenting all offers in a timely manner
- advising the parties regarding the transaction
- suggesting that the parties obtain expert advice
- accounting for all money and property received
- keeping the parties fully informed
- assisting the parties in closing the transaction
- disclosing to the parties all adverse material facts actually known by the transaction broker

Agents and Transaction Brokers have no duty to:

- conduct an independent inspection of the property for the benefit of any party
- conduct an independent investigation of the buyer's financial condition
- independently verify the accuracy or completeness of statements made by the seller, buyer, or any qualified third party.

General Information: Each real estate office has a supervising broker or branch broker who is responsible for the office and the affiliated licensees assigned to the office. Below are the names of the licensee providing this brochure, the supervising/branch broker, and the real estate company.

A BUYER'S GUIDE TO ANTICIPATING POSSIBLE AUCTION PURCHASE COSTS

1. Buyer Premium: Typically, 10% of the high bid price, added to the contract price as an additional fee. Example \$100,000 High Bid + 10% Buyer Premium = \$110,000 Total Contract Price.

3. Earnest Money Deposit: A percentage of the purchase price, usually 10% of the high bid, paid upfront to demonstrate the buyer's serious intent to purchase. Earnest Money is nonrefundable.
4. Inspection Costs: Fees associated with property inspections, which may include home inspections, pest inspections, and other relevant assessments.
5. Closing Costs: These include various fees such as ½ of owner's title policy (\$100,000 - \$350), ½ title company closing fees (\$300.00), escrow fees, and other charges associated with the transfer of ownership.

The title policy furnished to the BUYER under this Contract will contain a survey exception under Schedule B unless the BUYER provides a boundary survey to the title company at the BUYER'S expense.
- C. BUYER and SELLER agree to defend, indemnify and hold harmless any real estate licensees involved in this transaction and their agents, sub-agents, employees and independent contractors from and against any and all actions, claims, damages, demands, expenses, losses or suits (including reasonable attorneys' fees) relating to any defects, encroachments, overlaps, boundary line disputes, acreage matters or other matters that would have been disclosed or discovered by a survey.
- D. SELLER represents and warrants that there is ingress and egress to the Property.

19. INSPECTIONS OF THE PROPERTY:

- A. BUYER acknowledges and agrees that it is the BUYER'S sole obligation and responsibility to perform any and all inspections of the Property (environmental, physical or otherwise), review all property information and due diligence materials, independently verify any information on the Property (including information available in public records), inquire as to the applicability of and compliance with land use and environmental regulations and to be satisfied by the Property's condition prior to making an offer to purchase the Property on the Auction Date.
- B. BUYER is STRONGLY ADVISED to seek expert advice and conduct or obtain inspections to determine if damages, defects or hazards exist in and on the Property prior to making an offer to purchase the Property on the Auction Date. If inspections are not performed on all or part of the Property, BUYER shall be bound by whatever information an inspection would have revealed and waives any cause of action, claim or right relating to or arising from any condition of the Property that would have been apparent had inspections been performed.
- C. **BUYER ACKNOWLEDGES AND AGREES THAT THE PROPERTY IS BEING PURCHASED AS IS AND ACCEPTED IN ITS CURRENT CONDITION ONLY, WITHOUT REPRESENTATIONS, WARRANTIES OR GUARANTEES OF ANY KIND BY THE SELLER OR ANY REAL ESTATE LICENSEES INVOLVED IN THIS TRANSACTION CONCERNING THE CONDITION OR VALUE OF THE PROPERTY.**

- E. BUYER and SELLER agree that any real estate licensees involved in this transaction are not experts regarding whether any unacceptable property conditions exist in and on the Property. BUYER and SELLER agree to defend, indemnify and hold harmless any real estate licensees involved in this transaction and their agents, sub-agents, employees and independent contractors from and against any and all actions, claims, damages, demands, expenses, liabilities, losses or suits (including reasonable attorneys' fees) arising out of the discovery of property defects or unacceptable property conditions in the Property, unless the real estate licensees had actual knowledge of the conditions prior to the closing of this Contract and failed to disclose this information to the parties.

BUYER and SELLER jointly and severally agree to defend, indemnify and hold harmless any real estate licensees involved in this transaction and their agents, sub-agents, employees and independent contractors from and against any and all actions, claims, damages, demands, expenses, liabilities, losses or suits (including reasonable attorneys' fees and professional fees) incurred in connection with any preventative, remedial or other cleanup action necessary to comply with all applicable federal, state and local environmental laws, rules, regulations and ordinances. SELLER warrants that to the best of SELLER'S knowledge and belief after due inquiry, the Property complies with and that SELLER is not in violation of and has not violated any applicable federal, state and local environmental laws, rules, regulations or ordinances.
- G. Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including hearing disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspection in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase. Intact lead-based paint that is in good condition is not necessarily a hazard. See EPA pamphlet "Protect Your Family from Lead in Your Home" for more information.

21. POTENTIAL PROXIMITY OF REGISTERED OFFENDERS TO PROPERTY:

BUYER and SELLER agree to defend, indemnify and hold harmless any real estate licensees involved in this transaction and their agents, sub-agents, employees and independent contractors from and against any and all actions, claims, damages, demands, expenses, liabilities, losses or suits (including reasonable attorneys' fees) arising out of the discovery of registered offenders residing within relative proximity to the Property.

22. RADON GAS NOTICE:

- A. Every BUYER of residential real property is notified that the Property may present exposure to dangerous concentrations of indoor radon gas that may place occupants at risk of developing radon-induced lung cancer. Radon, a class-A human carcinogen, is the leading cause of lung cancer in non-smokers and the second leading cause overall. Kansas law requires SELLERS to disclose any information known to the SELLER that shows elevated concentrations of radon gas in residential real property. The Kansas Department of Health and Environment (KDHE) recommends that all home buyers have an indoor radon test performed prior to purchasing or taking occupancy of residential real property. All testing for radon should be conducted by a radon measurement technician. Elevated radon concentrations can easily be reduced by a radon mitigation technician. For additional information, go to <http://www.kansasradonprogram.org/>.
- B. BUYER understands that neither the SELLER nor any real estate licensees involved in this transaction have made any investigation to determine whether there is or will be radon gas in the Property. Neither the SELLER nor any real estate licensees involved in this transaction make any representations or warranties as to the presence or lack of radon gas in the Property or as to the effect of radon gas or any such condition on the Property on the occupants of the Property. BUYER may, at BUYER'S sole expense, conduct an inspection to determine whether radon gas is present in the Property.

23. POTENTIAL PRESENCE OF PROPERTY IN FLOOD PLAIN:

- A. On a regular basis, the Federal Emergency Management Agency (FEMA) and the United States Corps of Engineers publish updates to flood maps and levee protection systems. As part of these updates, properties that have historically not been included in any special flood hazard areas may, due to changes in mapping or flood protection, become subject to federal flood insurance requirements. If you, as the BUYER, desire more information on whether the Property is included in a special flood hazard area or an area of flood risk, you may find and review information on this issue at <http://mso.fema.gov/>, <http://www.floodsmart.gov/> and other information may be available through local government planning and zoning offices.
