	2	SELLER Robert M. Kibbl & Holly Kibbe
	3	INFORMATION REGARDING THE REAL ESTATE SELLER DISCLOSURE LAW
	5 6 7	The Real Estate Seller Disclosure Law (68 P.S. §7301, et seq.) requires that before an agreement of sale is signed, the seller in a residential real estate transfer must disclose all known material defects about the property being sold that are not readily observable. A material defect is a problem with a residential real property or any portion of it that would have a significant adverse impact on the value of the property or that involves an unreasonable risk to people on the property. The fact that a structural element, system or subsystem is at or beyond the end of its normal useful life is not by itself a material defect.
	11	This property disclosure statement ("Statement") includes disclosures beyond the basic requirements of the Law and is designed to assist Seller in complying with disclosure requirements and to assist Buyer in evaluating the property being considered. Sellers who wish to see or use the basic disclosure form can find the form on the website of the Pennsylvania State Real Estate Commission. Neither this Statement nor the basic disclosure form limits Seller's obligation to disclose a material defect.
	5	This Statement discloses Seller's knowledge of the condition of the Property as of the date signed by Seller and is not a substitute for any inspections or warranties that Buyer may wish to obtain. This Statement is not a warranty of any kind by Seller or a warranty or representation by any listing real estate broker, any selling real estate broker, or their licensees. Buyer is encouraged to address concerns about the condition of the Property that may not be included in this Statement.
	7 8	The Law provides exceptions (listed below) where a property disclosure statement does not have to be completed. All other sellers are obligated to complete a property disclosure statement, even if they do not occupy or have never occupied the Property.
2 2 2 2 2 2 3 3 3 3 3 3 3	8 9 0 1 2 3	 Transfers by a fiduciary during the administration of a decedent estate, guardianship, conservatorship or trust. Transfers as a result of a court order. Transfers to a mortgage lender that results from a buyer's default and subsequent foreclosure sales that result from default. Transfers from a co-owner to one or more other co-owners. Transfers made to a spouse or direct descendant. Transfers between spouses as a result of divorce, legal separation or property settlement. Transfers by a corporation, partnership or other association to its shareholders, partners or other equity owners as part of a plan of liquidation. Transfers of a property to be demolished or converted to non-residential use. Transfers of unimproved real property. Transfers of new construction that has never been occupied and: a. The buyer has received a one-year warranty covering the construction; b. The building has been inspected for compliance with the applicable building code or, if none, a nationally recognized model building code; and c. A certificate of occupancy or a certificate of code compliance has been issued for the dwelling.
34 35 36 37	5 A S si tc	COMMON LAW DUTY TO DISCLOSE Although the provisions of the Real Estate Seller Disclosure Law exclude some transfers from the requirement of completing a disclosure statement, the Law does not excuse the seller's common law duty to disclose any known material defect(s) of the Property in order avoid fraud, misrepresentation or deceit in the transaction. This duty continues until the date of settlement.
