6. **Fees.** In the event a title or abstract company prepares a Deed, Affidavit of No Liens, or other necessary documents to complete this transaction, the charge for the same, in addition to the cost of closing the transaction, shall be shared equally between the Buyer and Seller.
7. **Real Estate Taxes** All taxes and installments for special assessments will be prorated for the calendar year based on taxes levied. If taxes have not been levied, then they will be prorated based upon taxes for the previous year, adjusted for the most recent mill levy, if known.

23. **Severability.** In the event any provision or part of this Agreement is found to be invalid or unenforceable, only that particular provision or part so found, and not the entire Agreement, will be inoperative.
24. **Kansas Bureau of Investigation.** "Kansas law requires persons who are convicted of certain crimes, including certain sexually violent crimes, to register with the sheriff of the county in which they reside. If you, as the buyer, desire information regarding those registrants, you may find information on the homepage of the Kansas Bureau of Investigation (KBI) at <http://www.Kansas.gov/kbi> by contacting the local sheriff's office."
25. **Radon.** "Every buyer of residential real property is notified that the property may present exposure to dangerous concentrations of indoor radon gas that may place occupants at risk of developing radon-induced lung cancer. Radon, a class-A human carcinogen, is the leading cause of lung cancer in non-smokers and the second leading cause overall. Kansas law requires sellers to disclose any information known to the seller that shows elevated concentrations of radon gas in residential real property. The Kansas department of health and environment recommends all home-buyers have an indoor radon test performed prior to purchasing or taking occupancy of

residential real property. All testing for radon should be conducted by a radon measurement technician. Elevated radon concentrations can be easily reduced by a radon mitigation technician. For additional information, go to <http://www.kansasradonprogram.org>”
