WATER

Property is irrigated by a dual line drip system pressurized by the Madera Water District. This parcel is subordinate to the Madera Irrigation District, which means when water is available in M.I.D. the property is allowed to purchase water.

An additional source of surface water on the east side of the water district (called Madera Lake Project) is currently being worked on with an anticipated completion date of 2025. It will provide water to subordinate parcels when additional water is available for sale. It consists of a pipeline and pump system to move surface water from Madera Lake (M.I.D.) to Madera Water District. The district has received grant money to help fund the project.

Water Disclosure: The Sustainable Groundwater Management Act (SGMA) was passed in 2014, requiring groundwater basins to be sustainable by 2040. SGMA requires a Groundwater Sustainability Plan (GSP) by 2020. SGMA may limit the amount of well water that may be pumped from underground aquifers. Buyers and tenants to a real estate transaction should consult with their own water attorney; hydrologist; geologist; civil engineer; or other

environmental professional. Additional information is available at: California Department of Water Resources Sustainable Groundwater Management Act Portal - <https://sgma.water.ca.gov/portal/> Telephone Number: (916) 653-5791

Policy on cooperation: All real estate licensees are invited to offer this property to prospective buyers. Do not offer to other agents without prior approval.
