SEALED BID AUCTION

Sealed Bid Auction - Peoples Company is proud to be representing the sale of 320 acres m/l near Plainview, Nebraska. Bids will be due by Thursday, November 13th, at 4:00 PM CST. This farm consists of 306.95 FSA cropland acres with primary soil types, including the highly-productive Class I Muir silt loam and Bazile soils. Situated in the Lower Elkhorn Natural Resource District (NRD), this farm contains approximately 255 acres that are irrigated through a 2002 half-mile Valley pivot with an electric well. Currently, the Lower Elkhorn NRD does not have a water allocation allowing for ample water to be utilized for the entire crop season. This property is situated in Section 23 of North Dry Creek Township and located just 2 miles northeast of Plainview, Nebraska.

Over the years, this farm has had extensive improvements, including the newer Valley pivot system, 60,000 bushels of grain storage, and tile to enhance farm drainage. These extensive improvements, combined with the soil fertility, could provide significant tax depreciation benefits to the new landowner. *Potential Buyers should consult their own tax, legal, and accounting advisors.

This farm has been previously rented out to a local, reputable farm tenant who has taken excellent care of the farm, maintaining fertility and maximizing farm yields. The farm would make an excellent add-on to any existing farming operation or a nice investment in a strong farming area.

This farmland tract will be offered via sealed bids. To submit a bid by the November 13th deadline, please reach out to Galen Wisner to receive the bid submission form.
