Prelim 9-1-1 Addressing

- prelim addresses are not to be used in legal documents/descriptions as these are not permanent / final addresses which may change at time of permitting based on actual build plans or unforeseen circumstances in the future, for corner lots this may change what road they are addressed off of
- additionally, we advise installation of address numbers in a way that is easily changeable as they are not permanent and unforeseen circumstances may cause change in the future

At the time of permitting:

- DOD will submit to GIS/9-1-1 Addressing for review
- GIS/9-1-1 Addressing will assign an address/addresses based upon driveway location(s) and site of addressable structure(s)
- Assigned address will be documented with address assignment letter created by GIS/9-1-1 Addressing
