PROPERTY SUMMARY

Offering Summary

Sale Price:	\$760,000
Lot Size:	3.87 Acres
Zoning:	BPC-2
City:	Winter Haven
County:	Polk
State:	Florida
APN:	252814345200000030
Traffic Count:	14,300 ± Cars/Day (Recker Hwy)

Property Overview

Presenting a rare opportunity to acquire 3.87 ± acres of strategically positioned, BPC-2 zoned land along Recker Highway in the heart of Winter Haven's rapidly growing industrial and logistics corridor. This lot provides flexible development potential for business park, flex-industrial, or light manufacturing uses under Polk County's Business Park Center-2 (BPC-2) zoning. It offers direct access to Recker Hwy (SR 655), and is ideally situated between US Highway 92 and State Road 540, with quick access to Polk Parkway (SR 570) and Interstate 4. The site lies within proximity to the CSX Intermodal Logistics Center and is well-suited for phased or master-planned development.

Property Highlights

- Zoned BPC-2 (Business Park Center-2) by Polk County, this area supports warehouse, distribution, light manufacturing, flex-industrial, and office uses with industrial outdoor storage as an accessory use.
- Regional stormwater system is constructed and operational; no on-lot detention is required
- TECO power is energized and active along George Trail
- Recently appraised as of March 27, 2026

UTILITY INFORMATION

Sewer

- Trunk gravity sewer main is installed along George Trail, sized to handle full park buildout across all parcels.
- Lateral stubs are in place along George Trail for direct individual parcel connections.
- The downstream connection — 6" force main, lift station, and directional bore across Recker Highway to the City of Auburndale's municipal sewer system — is fully engineered and permitted. Completion obligations to be defined in the purchase agreement.

Water

- Water service is designated from the City of Auburndale via a planned 12" potable water main.
- The internal water distribution main along George Trail and the cross-Recker connection to Auburndale's system are fully engineered and permitted. This work is not yet constructed; completion obligations are to be defined in the purchase agreement.
- Full engineering drawings are available in the Site Development & Environmental Documents package.

Electric

- TECO (Tampa Electric) power poles are installed and energized along George Trail, the park's interior road, with active distribution infrastructure running the length of the corridor.
- Service is available to the park now; no off-site extension is required.
- Infrastructure supports pad-mount transformer installation and underground service conduits sized to tenant requirements.
- Suitable for high-load three-phase industrial service.

UTILITY INFORMATION (CONT.)

Telecom & Internet

- AT&T and Verizon 5G cellular coverage is active in the area, supporting wireless operations, data transfer, and IoT applications.
- Spectrum Cable and Frontier Fiber/DSL service are planned; final line placements are pending.

Storm Water

- A regional stormwater retention pond serving the entire park is constructed and operational within the common-area parcel.
- A 36" stormwater main installed along George Trail conveys runoff from all parcels to the regional pond.
- No on-lot stormwater detention is required – the shared park system satisfies that obligation for all parcels.
- The regional system is maintained by the Recker Business Park Property Owners Association.

Site Development & Environmental Documents Available:

- FDOT Connection Permit 2012
- Water / Sewer Planning 2020
- Topographic Survey 2011
- Platting with Structures 2024

PROPERTY OWNERS ASSOCIATION & FEE STRUCTURE

Property Owners Association & Fee Structure

Each lot within Recker Business Park is part of a well-structured Property Owners Association (POA), designed specifically to support the long-term functionality, appearance, and operational integrity of the park. The Recker Business Park Association oversees the shared responsibilities of the business park so individual lot owners don't have to. This includes maintenance of private roads, landscaping, lighting, drainage systems, signage, and common utilities. Each owner pays a share of the costs through regular assessments, which helps keep the park clean, functional, and professionally maintained.

ADVISOR BIOGRAPHY

Richard 'Mac' Bayless

Associate Advisor, Research Analyst

mac@saundersrealestate.com

Direct: **877-518-5263 x369** | Cell: **863-581-5561**

FL #SL3619636

Professional Background

Richard 'Mac' Bayless is a Research Advisor at Saunders Real Estate.

Originally from Lakeland, Mac's academic journey would bring him to Colorado Mesa University where he earned a Bachelor of Science in Business Administration and Finance and gained a solid understanding of market research and analytics. During his time at university, Mac was not only recognized for his academic excellence, making the Dean's List and receiving the President's Academic Scholarship, but he also demonstrated significant leadership as the captain of the men's lacrosse team.

Before joining Saunders Real Estate, Mac honed his skills in various roles, from managing client investment portfolios to improving the efficiency and collaboration of specialized teams. His professional experiences have enabled him to provide expert real estate advisory services to various investors looking to improve their portfolios.

Now working as a licensed commercial real estate advisor (#SL3619636), Mac specializes in the medical office and industrial real estate sectors. His experience in market research helps to identify effective real estate solutions while ensuring a thorough due diligence process for every client.

Mac specializes in:

- Industrial Real Estate
- Medical Offices
